

NEWS AND VIEWS . . .

And What Have You

By BOB CRAIG

One of the most outspoken critics of our current welfare mess is James Roberts, publisher of the Andrews County News. He is also one of the most quoted weekly columnist in the state and one of the best.

With this in mind I am going to borrow one of his columns this week. (Always figure that if you are going to borrow something, borrow the best.)

Several weeks ago in this space, we made the prediction, widely quoted, that the next governor of Texas would be that candidate that came out with the best solution to the skyrocketing welfare costs in the state.

We've had serious second thoughts about the matter and reached the conclusion that any candidate that runs on a welfare reform ticket hasn't got a prayer.

A long study of statistics reveals that a welfare reform candidate in Texas has about the same chance as a contestant with a double hernia in a weight lifting contest.

Despite the fact that we have 11,196,730 people in this state, most of whom are paying out an average of \$3.00 per day in taxes, the next governor of Texas will probably have to run on the proven formula of God, motherhood, the American flag, blackeyed peas, the Democrat party first, last, and National Bankers Life, to be elected.

Despite a population of eleven million plus, over four million are under the age of 18, so that leaves 7,097,730 to vote. But of that amount 230,000 are registered aliens so only 6,867,730 are eligible to vote.

But being eligible and voting are two different things — especially in Texas. In the last general election, a total of 2,910,352 bothered to vote which means that 3,957,378 eligible voters won't go to the polls next November.

Even with the lowered voting age in the state, we can expect about 3.3 people to go to the polls — if the election is hot and heavy.

But that's not quite right either. At election time, we will have killed 3,481 in highway accidents, another 216,972 will be in hospitals and can't vote, 86,000 of our voters will have died natural deaths waiting on the November elections, and another 3,450 will be staring out bars in city and county jails.

And that leaves 3,063,737 citizens that can get to the polls of their own accord come election day in November, 1972.

But the state has something like 1,254,333 registered Republicans who are not going to vote for a Democrat even if hell and welfare freezes over.

So that only leaves 1,809,404 possible people left in the state to cast a vote for welfare reform and a new iron-jawed, nonstock buying governor.

But that won't do the job either.

Current unemployment rolls in the state number 112,000 and we have another 600,400 on the government roll for a total of 712,400 who cannot be counted on to go along with any reform of government.

And that leaves a total of 1,087,004 ready to do battle for any welfare reform candidate for governor.

But we haven't counted everything!

We now have in the state 627,000 people on welfare or drawing food stamps or both. And the rolls are growing at the amazing clip of 177 percent per year. By next November, the welfare and food stamp assistance rolls in this state will carry the names of 1,087,000 people — and voters.

And they're certainly not going to vote for a candidate that wants to dilute the gravy . . . consequently, that only leaves four of us screaming for a cleanup of the welfare mess.

We don't know about those other three guys, but we're feelin' mighty poorly . . . mighty poorly!

HIGH AND DRY — With flooding conditions being reported in many parts of the state this past week it would appear that the dog owned by Arnold Herd was not taking any chances as he perched himself on top of a neighbor's car. His caution was not necessary however as no flooding was reported in spite of heavy rains in the area during the period. Bill Rountree, official weather gauger, reported 3.01 inches during the wet spell with some gauges over the area reporting up to 5 inches. The total for July reported by Rountree was 2.35 inches with .95 inches falling here Sunday, Aug. 1.

Austin Judge Rules House Redistricting Bill Invalid

Jones County is one of 18 counties in the state split in the recently passed Texas House redistricting bill that was ruled unconstitutional by a District Court Judge in Austin Monday.

Judge Herman Jones ruled, "The evidence establishes to my absolute satisfaction that the integrity of the counties, which Sec. 26 of the state constitution was designed to protect, has been violated beyond anything that was reasonably required by the one-man, one-vote decision of the United States Supreme Court."

Asst. Atty. Gen. Pat Bailey, who defended the bill, said he presumes his office will appeal Jones' ruling to the state Supreme Court.

Jones' ruling came in a suit filed by Rep. Tom Craddick of Midland, whose district was eliminated by the House bill.

Midland County lacks only 9,000 population having enough to constitute the ideal size for one representative, 74,645. It was split between two

other districts, one of which runs to the Mexican border at Big Bend National Park and the other runs to Abilene.

The redistricting bill under question in the courts also split Jones County with the bulk of the county joining a district on the East that includes Stephens, Palo Pinto, Callahan,

Civil Defense Unit Sets Watermelon Feast Here Friday

The Hamlin Civil Defense unit will sponsor a watermelon feast Friday at 7:30 p.m. at the Jaycee Community Building that is free to the public.

The members promise "all the cold watermelon you can eat plus a good band from out of town to entertain." A dance is planned after the supper.

A Civil Defense truck and a speaker from Abilene will be here for the public to view and other exhibits of interest will be displayed.

There is no charge.

Shackleford, and parts of Jack and Wise Counties. This is the 53rd district presently being served by Joe Hanna of Breckenridge.

The northwest corner of Jones County, including Hamlin was placed in the 63rd district now being served by Renal Rosson of Snyder.

If the court ruling is upheld by the Supreme Court, a question then arises on whether or not a special five-man board has the power to redistrict the state, or if the governor could call a special session to pass another redistricting bill.

Stamford Girl Wins Farm Bureau Queen Contest

Kathleen Brinell of Stamford was named Jones County Farm Bureau Queen at a contest held in Hamlin High School Cafeteria Friday evening.

Maria Morales of Hamlin was runner-up. She received a \$10 gift certificate.

Miss Brinell will appear on the Sandy Chapel Show Friday.

Judges in the contest were Mr. and Mrs. Bob Christopher, Mrs. Bob Kuykendall, all of Abilene and Mr. and Mrs. Jerry Putnam of Roscoe.

Librarian Seeks Overdue Books

Mrs. Jim Jones, librarian at Harden Memorial Library, has announced that a concerted effort is being made to get all overdue books returned to the library.

All books returned by Aug. 9 will not carry the customary fine of two cents per day for each day overdue.

Pool to Close Here Saturday

The Hamlin Foundation Swimming Pool will close Saturday, Aug. 7.

All persons having season membership tickets should use them on or before that date. The tickets become void after Aug. 7.

Explorer Scouts To Meet Friday

Doyce Gillilan will meet with the Explorer Scouts at 7 p.m. Friday at the Scout Hut, according to Homer Dill, advisor who has recently moved

Little Britches Rodeo Set Friday, Saturday

A Little Britches Rodeo, sponsored by the Hamlin Riding Club, will be held here Friday and Saturday in the local arena on the Aspermont Highway. Two divisions will be featured, with youngsters age one through 10 in one division and youngsters 11 to 14 in the other. Performances will be held at 8 p.m. each evening. Admission will be 50 cents for children and \$1.50 for adults. The concession stand will be open.

Events will include Shetland bareback riding, steer riding, calf scramble, break-a-way calf

roping, barrel racing and pole bending.

Girls ribbon roping and an open barrel race will be staged each night.

Trophies will be awarded to

winners in each event.

Books will close Aug. 5 at 10 p.m. Rodeo secretary is Don Bell, 576-2645.

Rusty Welch of Seymour is stock producer.

Upper Grades Set School Registration Aug. 19-20

Registration for the fall term of school will get underway here Thursday, Aug. 19, for all Hamlin High School and Junior High School students. Classes will get underway for all ages Monday, Aug. 23.

Any high school student who has moved into the Hamlin School district and has not pre-enrolled is asked to go to the high school office anytime from 9 a.m. to 3 p.m. during the week of Aug. 9-13 to receive a

schedule and other information, according to B. V. Newberry, principal.

Juniors and seniors who have already pre-enrolled are to pick up their schedules, books and be assigned lockers on Thursday, Aug. 19. Seniors are to report between 9 and 10:30 a.m. and juniors between 1 and 2:30 p.m. All sophomores are to report on Friday, Aug. 20, between 9 and 10:30 a.m. and all freshmen between 1 and 2:30 p.m.

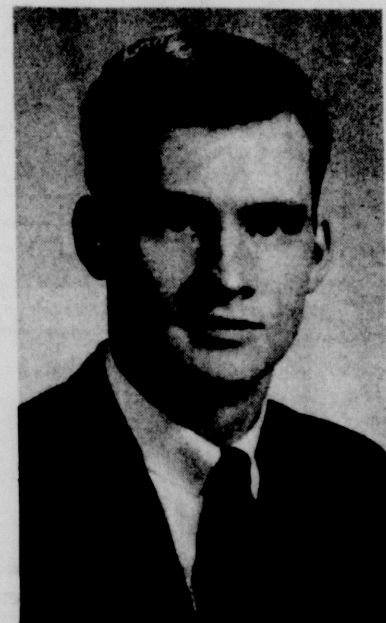

Junior high students will follow the following schedule for registration: eighth grade students on Thursday, Aug. 19, between 10 and 12 a.m.; seventh grade students on Thursday, Aug. 19, between 1 and 3 p.m.; and sixth grade students on Friday, Aug. 20, between 10 and 12 a.m., according to Marvin Carlton, principal.

Junior high students who attended Hamlin schools this past year will not need to bring report cards at this time, according to Carlton. But students new to the Hamlin schools should bring report cards and book cards from the school previously attended.

All students are requested to bring a pen or pencil to registration.

Junior high students will register, receive books and be assigned lockers at this time. They also will be asked to designate their desire to be in the band, enroll in art classes, and participate in football. All students are required to be enrolled in physical education. Carlton said that if a student could not participate in physical education they must have on file a statement to that effect from a physician.

The high school and primary lunchrooms will begin operation on the first day of school, Monday, Aug. 23. Prices for lunches in high school and junior high school will be the same as last year, 50 cents per meal.

REV. BOBBY MYERS
... to hold revival

Calvary Baptist Church to Open Revival Sunday

Calvary Baptist Church will be in revival services Aug. 8-15 with Rev. Bobby Myers, pastor of Southside Baptist Church in Canyon, as the evangelist. Services will be held nightly at 8 o'clock.

Rev. Myers is a graduate of Jacksonville Baptist College and lacks only a few hours fulfilling requirements for his degree from West Texas State University, Canyon.

David Thompson will conduct the song service.

Wendell Shirey, pastor, extends an invitation to the public "to come hear this young man preach God's Word."

WITH COUNTY CLERK—

All Livestock Brands Must Be Registered By Feb. 29

All brands and marks on Texas livestock must be recorded with the County Clerk after Aug. 30 according to a new law passed during the last session of the state legislature.

The new law is a result of efforts by state county clerks and farm organizations.

Producers will be given a six-month period (Aug. 30, 1971 through Feb. 29, 1972) on which to register these brands and marks and the location on the animal which they are currently using. After this time, any unrecorded brand will be available for use on a "first come, first served" basis.

The law further states that all such brands and marks must be rerecorded every 10 years. Each County Clerk records for his given county only, so many producers may need to record their brands in additional counties if their operations are extensive.

The owner shall have the

right during this six-month period to file the mark and brand now recorded in his name. In the event it cannot be determined from the records who first recorded the brand and mark in the county, then the person who has been using such mark and brand the longest shall have the right to have it recorded in his name.

It will be illegal to brand livestock without first properly recording the brand with the County Clerk in the county in which the livestock are held.

When the brand or brands are recorded, the location on the animal on which the brand is to be applied must be designated. If the brand is to be applied to more than one location on the animal, it must be recorded and each additional location for the brand on the animal shall constitute a separate recording of that brand.

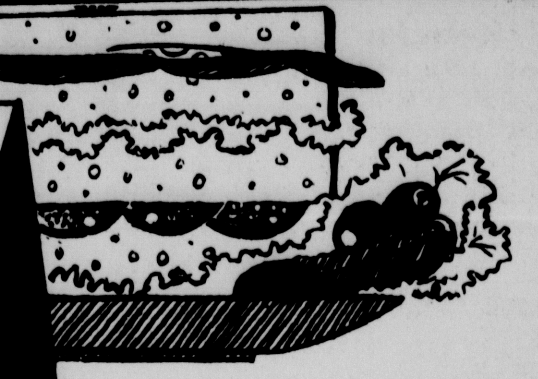

There is no limit to the

number of brands and or marks which may be recorded in a county by a single person as long as requirements of this law governing the recording and rerecording of livestock brands are met. Minors may have marks or brands separate from that of the father or guardian, which must be recorded or rerecorded as provided by the new law.

The County Clerk must assure that no more than one brand of a kind is recorded on the same location of the animal in each county. Therefore no two persons in a county may record the same brand in the same location. Also, it is the responsibility of the County Clerk to make certain that in recording any brand for a person, that the part of the animal on which the brand is to be placed be designated. Failure to do so is punishable by a fineable offense of not less than \$10 or more than \$50.

Marriage Vows for Reed, Smith Read

Marriage vows for Mary Priscilla Reed and Bobby Dean Smith were read Friday at 7:30 p.m. in the home of the bride's parents, Mr. and Mrs. John Edd Reed of McCaulley.

Parents of the bridegroom are Mr. and Mrs. Armond Smith.

Rev. Vergil Smith, pastor of the McCaulley Baptist Church officiated.

Vickie Smart of McCaulley was maid of honor. Rickey Jeffrey was best man.

The bride, presented in marriage by her father, wore a street length dress of Chantilly lace and silk organza. The lace bodice was designed with high neckline, bishop sleeves and semi-A-line skirt of organza. A

cluster of petals enriched with lace held her shoulder length veil. She carried a bouquet of white carnations with blue and white streamers.

Miss Smart's dress of blue crepe was trimmed with blue and white ruching. Her flowers were white carnations with white streamers.

The reception followed in the home.

The bride is a graduate of McCaulley High School.

The bridegroom, also a McCaulley graduate, attended Cisco Junior College. He is employed by W. C. Sojourner.

The couple will live on the Sojourner Farm.

KAREN CROUCH sets wedding date
Karen Crouch, Michael Baldree To Wed Sept. 11

Mr. and Mrs. Ed Wilfong of Rotan have announced the engagement and approaching marriage of their daughter, Karen Lynn Crouch, to Michael O. Baldree, son of Mr. and Mrs. Oren D. Baldree of Old Glory.

The bride-elect is a graduate of Rotan High School.

The prospective bridegroom is a graduate of Old Glory High School and attended Navarro Junior College at Corsicana.

The wedding will be Sept. 11 at 7 p.m. in the First Methodist Church in Rotan.

Chief, Princess Named At Close of Children's Crusade

Guyan Roberts and La Etta Scifres were named Chief and Princess in the recent Children's Crusade held at Foursquare Gospel Church.

Guyan, in keen competition among the boys, earned 2600 points for memorizing 24 verses and bringing six others to the Crusade.

Points were given for: bringing Bible, memorizing verses, being present, bringing others, scores on the scripture hunt and quizzing. Main emphasis was placed on scripture memorization and bringing others.

La Etta memorized seven verses and compiled 1300 points. April Harris was runner-up with 930 points.

Runners-up in the boys division were Rickey Dockins, 1995 points; Gordon Roberts, 1610; David McGrew, 900; and Mike McGrew, 775.

The Crusade which averaged 45 in attendance was hampered by torrential rain the closing night.

Directors were Rev. and Mrs. M. L. Burnett of Arlington. They organized a program of Bible stories and child related stories. Murphy the lion and Maurice the monkey were favorites. The children were quizzed by popping balloons and finding the number to the

question inside, fishing for a question with a paper clip on the fish and a magnet as bait, racing to ring a bell, and pulling a string to a light bar to make their light go on first.

The Burnetts left Friday morning to go to Siloam Springs, Ark., to direct the young people and children in the annual Foursquare Church summer camp there.

AT CHILDREN'S CRUSADE — La Etta Scifres was named Princess and Guyan Roberts was named Chief at the closing of the Children's Crusade held at Foursquare Gospel Church. They earned their titles for gaining the most points during their participation in the Crusade.

NEWS FROM . . .

Sylvester

By MRS R M BABB

We needed rain and we got rain! Only 4.45 in. last week and we are very proud but we don't need any more just now. Surrounding areas got more than we did. Just east of us got as much as six inches at one time.

Lori and Angela Maberry of Allen have spent the past two weeks with their grandparents Mr. and Mrs. Richard Kelly and Mr. and Mrs. J. P. Maberry.

Bro. Buster Grigg preached a weekend revival in Longworth last weekend.

Dusty, Derrell and Wayne Douglass have enjoyed a visit with their grandparents, Mr. and Mrs. Ross Douglass. Cammie Wright visited on Saturday with the boys and her grandparents.

James Wilder of Dallas visited with his mother, Maggie Wilder over the weekend.

Eric Prather of Sweetwater spent the weekend with his grandparents, Mr. and Mrs. W. B. Brown. On Sunday afternoon Gerry Prather and sons, Ricky, Jackie, Bobby Deel came over and spent the afternoon returning to Sweetwater taking Eric with them.

Mr. and Mrs. Leldon Boyd of New Mexico stopped for a short visit with his aunt, Gladys Williams Saturday morning on their way home. They had visited the week with his parents, Mr. and Mrs. Ross Boyd of Boyds Chapel.

Several of our people have

attended the revival services in Longworth and McCaulley this past week.

Mr. Paul Stephens has returned home having been in California for several days. A grandson and granddaughter drove him home by car.

MRS BAIRD'S BUNS

... MAKE THE FASHION LIST

A sportswear firm in The British Isles which features authentic Scotch plaids and tartans got on the back-to-school bandwagon by introducing very short versions in shorts and pants.

A prestige U.S. house has also brought out all-wool hand knit blazer jackets with turtleneck sweaters underneath.

Spokesmen for the blouse industry, which has been in and out of favor recently has shown a resurgence with the return of the separate skirt and the comeback of separates. Shoppers have been enchanted with the peasant look, but there should be a renewal of interest in the whole spectrum of blouses with the comeback of separates.

The silk shirt is making a comeback to go with the long skirts. Says one manufacturer, "We shipped thousands of shirts not only for fall, but also for holiday, cruise and resort and spring-summer, '72. We've also brought out street length skirts; there is also strong interest in printed silk and wool challis street shirtwaist dresses."

The culotte is important . . . and with all the other separate skirts is ready to be pulled together with those short tops, long cardigans, vests and wider-shoulder shirts and sweaters.

The Skirt and Sweater.

With a new concept. It's now a soft sweater knit skirt and sweater . . . more often than not matching.

And sweaters take another new (old) length — hip-top — to go with skirts that fall just below the knee.

The new sweater details: Raglan sleeves, saddle shoulders, triple-roll turtlenecks, cut-out necklines with the newest the square.

The Dress.

The dress moves easily into fall in knits. Dresses' most important silhouettes: Away from the body or fit and flare, often falling from a wide waistband.

One great look is the dress with a jacket.

And on their own, dresses also get more details: Wide shoulders, wide midriffs, balloon, puffed, bishop and butterfly sleeves and a variety of necklines.

The Suit.

The blazer, very big, for fall . . . as a jacket with a pleated skirt. The peplum continues important, over its own skirt.

Jackets with those new, wider lapels adorn the newest suits.

Surface Interest, Jacquards and Color Make It A Great Knit Fall.

The figurative jacquard is the big jacquard and everything goes — fruits, vegetables, animals, homes, people, cars. The ribs never end, and the newest ones are broken up into patterns. Surface interest takes in intarsia, high

twist yarns and new types of stitches.

The most exciting color news is the return of the brights. Black comes back and the deep shades — and grape, brick, burgundy get clearer.

Nancy Johnson, Milton Jordan Wed In Stamford

Nancy Johnson of Stamford and Milton Jordan were married July 28 in Stamford in the home of Rev. Robert H. Green. The bride is the daughter of Mr. and Mrs. Morgan Johnson of Stamford. The bridegroom's parents are Mr. and Mrs. Roy Jordan of Hamlin.

The bride is a graduate of Stamford High School.

Jordan is a Hamlin High School graduate and is employed at Jordan's Drive-In. The couple will live in Hamlin.

Big Five Women's Golf Association To Meet Aug. 17

A meeting of the Big Five Women's Golf Association will be held at Stamford Country Club Tuesday, Aug. 17. Tee-off time will be at 10 a.m. and lunch will be served after 18 holes of play.

The final meeting of the year will be held at Knox City Tuesday, Sept. 21. Following the day's play, new officers for the coming year will be elected.

Bridge Winners

Mr. and Mrs. Harry Yates of Stamford were first in the Tuesday evening competition of Hamlin Duplicate Club meeting.

Mrs. Dale Lain and Gene Knabel were second and Mrs. Gene Knabel and Dale Lain were third.

Visiting in the home of Mr. and Mrs. A. J. Winegeart were their son and family, Mr. and Mrs. Richard Winegeart, Richie Don, Leslie, Kathie and Eddie of Marrero, La. The guests also visited in the home of her mother, Mrs. Frankie Hall, and Mr. Hall.

Mr. and Mrs. Mike Rountree are parents of a son, John Mark, born July 21 at 4:40 a.m. He weighed 6 lbs. 12 oz. Maternal grandparents are Mr. and Mrs. John Holtz. Paternal grandparents are Mr. and Mrs. Delbert Rountree.

FROM THE FILES . . .

FORTY-FIVE YEARS AGO
(August 6, 1926)

The Jones County Old Settlers Reunion will be held in Anson, beginning August 17 and will last for several days, are the plans given out by Mr. J. J. Dyer, who with the aid of Mr. John Bryant of Abilene, are perfected plans for one of the biggest and best gatherings ever witnessed by the Old Settlers.

Mr. Dyer will have the formal opening of his new and modern hotel at this time and he extends to all the old settlers who have lived in the county for more than 30 years a cordial invitation to be his guest at this opening, stating that there will be plenty of "Chuck" for them and storage for their conveniences.

This will be the first Reunion in several years and these men are preparing to make it the biggest in the history of reunion. The first two days will be given over to a general get-together and registration, third day will be a special "kiddies" and young peoples day, the remaining days will be what they call general Roundup of the Reunion.

The different committees will be published in the near future, and everyone is asked to watch for them. Old Settlers who are eager to lend a hand in this wonderful celebration are requested to correspond with Mr. J. J. Dyer of Anson.

C. C. Renfro who lives four miles east of Hamlin, came into town Wednesday with samples of new cotton open. He reported three bolls on one stalk. This indicates cotton will begin to roll early this year. Mr. Renfro reports the finest cotton he has ever had in this country.

The Republicans of Jones county held a primary election for state offices Saturday the 24th, at three places in the County, this maintaining the county organizations as a unit in this political party of the state.

TWENTY YEARS AGO
(August 3, 1951)

A quick Survey of retail establishments in Hamlin this week reveals that they will maintain their price of five cents for bottled soft drinks. This opinion was expressed in view of proposed increased wholesale prices for beverages as allowed by the Office of Price Stabilization.

Most area manufacturers had notified their retail patrons that no increases were expected for the present.

Secure in the knowledge that their water supply is more than adequate for the summer, Anson residents have been running approximately 1,000,000 gallons of water a day through their taps and air conditioners during the current heat wave.

Consumption hit a peak last Saturday and Sunday 1,043,000 gallons.

Much of the increase above normal summer consumption was attributed to cooling devices in offices, homes and apartments. However, watering of vegetable gardens, lawns, shrubs and flowers was heavy.

T. C. Blankenship, vocational agriculture teacher in Hamlin High School, and Harold Eades, assistant, are in Mineral Wells this week attending annual session of the Tri-Area Conference of vocational agriculture teachers.

General sessions opened Wednesday morning and will continue through Friday.

Questions and Answers

Q. I am 66 and out of work right now. However, I may start working again within a year or two. Could I apply for monthly social security retirement benefits and, if I start back to work again, have my checks stopped?

A. Yes. You may start and stop your checks as often as necessary. And, depending on how much you earn when you do go back to work, you may be able to get checks for some months.

Regardless of how much you earn you can get a check for any month you don't earn over \$140. Remember, too, that when you reach 72, you can get your check every month no matter how much you earn.

Q. I am 64 years old. I retired when I was 62 but did not sign up for social security retirement benefits because I wanted to wait until I was 65 and could receive a full benefit. I have now decided to go ahead and apply for the reduced benefit. Can I get my checks all the way back to the month I was 62?

A. No. An application for social security retirement benefits can be retroactive for no more than 12 months.

Q. I would like to take my young son to a social security office and get him a social security card. Does he have to be a certain age?

A. No. There is no minimum age for getting a social security card.

Have a question about social security and its retirement, survivors, disability or Medicare benefits? See your telephone directory for the phone number and address of the nearest social security office.

nesday morning and will continue through Friday.

From hot to hotter was the order of the day for the latter half of the month of July in Hamlin and thermometer readings furnished from the Santa Fe railroad station reflected a soaring temperature. Hottest day for the year was recorded at 5 p.m. reading on July 18 when the mercury reached 120 degrees. July 19 and 20 had readings of 116 and 117 respectively.

It was noted that the afternoon temperatures recorded were at that time of day when the thermometer was exposed to the full glare of the sun.

Evangelist Earl Abbott of Roswell, New Mexico, is conducting the "Abbott Healing Campaign" in a tent revival at 219 Northeast Ave. B., Rev. Donald Berry, pastor of the United Pentacostal Church in Hamlin.

Services began last week and will continue through Sunday evening. The public is invited to the revival services, which open at 8:00 each evening.

TEN YEARS AGO
(August 3, 1961)

Reserved seat tickets are now on sale for the Jaycee Hamlin Amateur Rodeo to be held next Thursday, Friday and Saturday, August 10-12. They may be purchased from Joe Ford at the F and M National Bank and are 50 cents, this does not include general admission which is a \$1.00 for adults and 50 cents for children under 12. Reserved parking spaces along the east fence are also on sale at \$1.00 per night.

The rodeo will open Thursday with a downtown parade. Riding clubs from over West Texas have been invited to take part and trophies will be awarded to the top three.

Knoonesman and Helmes of Snyder and Rotan will furnish the bucking stock for the show and if the performance of their stock in other rodeos over the area is any indication the contestants will have a rough time.

"Really eating high of the Hog" is Martha King, local Hamlin resident, who dropped by Joe Hudspeth's Tire and Appliance and took a guess at the hog that was to be given away at the end of Hudspeth's Hog Wild Sale. Her guess was exactly what the hog weighed, 95 pounds.

The Hamlin Ladies' Softball team will play Aspermont Thursday at 7:30 p.m. in the Little League Park.

This will be the first game for the team to play under lights and they urge everyone to come and support the team.

There are two teams in the Hamlin League and the best players from each team will compose the team to play against Aspermont.

Open House will be held at the parsonage of the First Methodist Church Sunday from 3 to 5 p.m. The house has recently been moved to the present location, 210 N. W. Ave. A, and has been completely remodeled.

The parsonage family, the Rev. and Mrs. Edmund Robb and children, extend cordial invitation to the public to come by and see their new home.

Jones County Extension Agents, Mary Y. Newberry and Kirby Clayton have been selected by the District Agents from Extension District III to participate in a Program Building Workshop at College Station on August 22, 23 and 24.

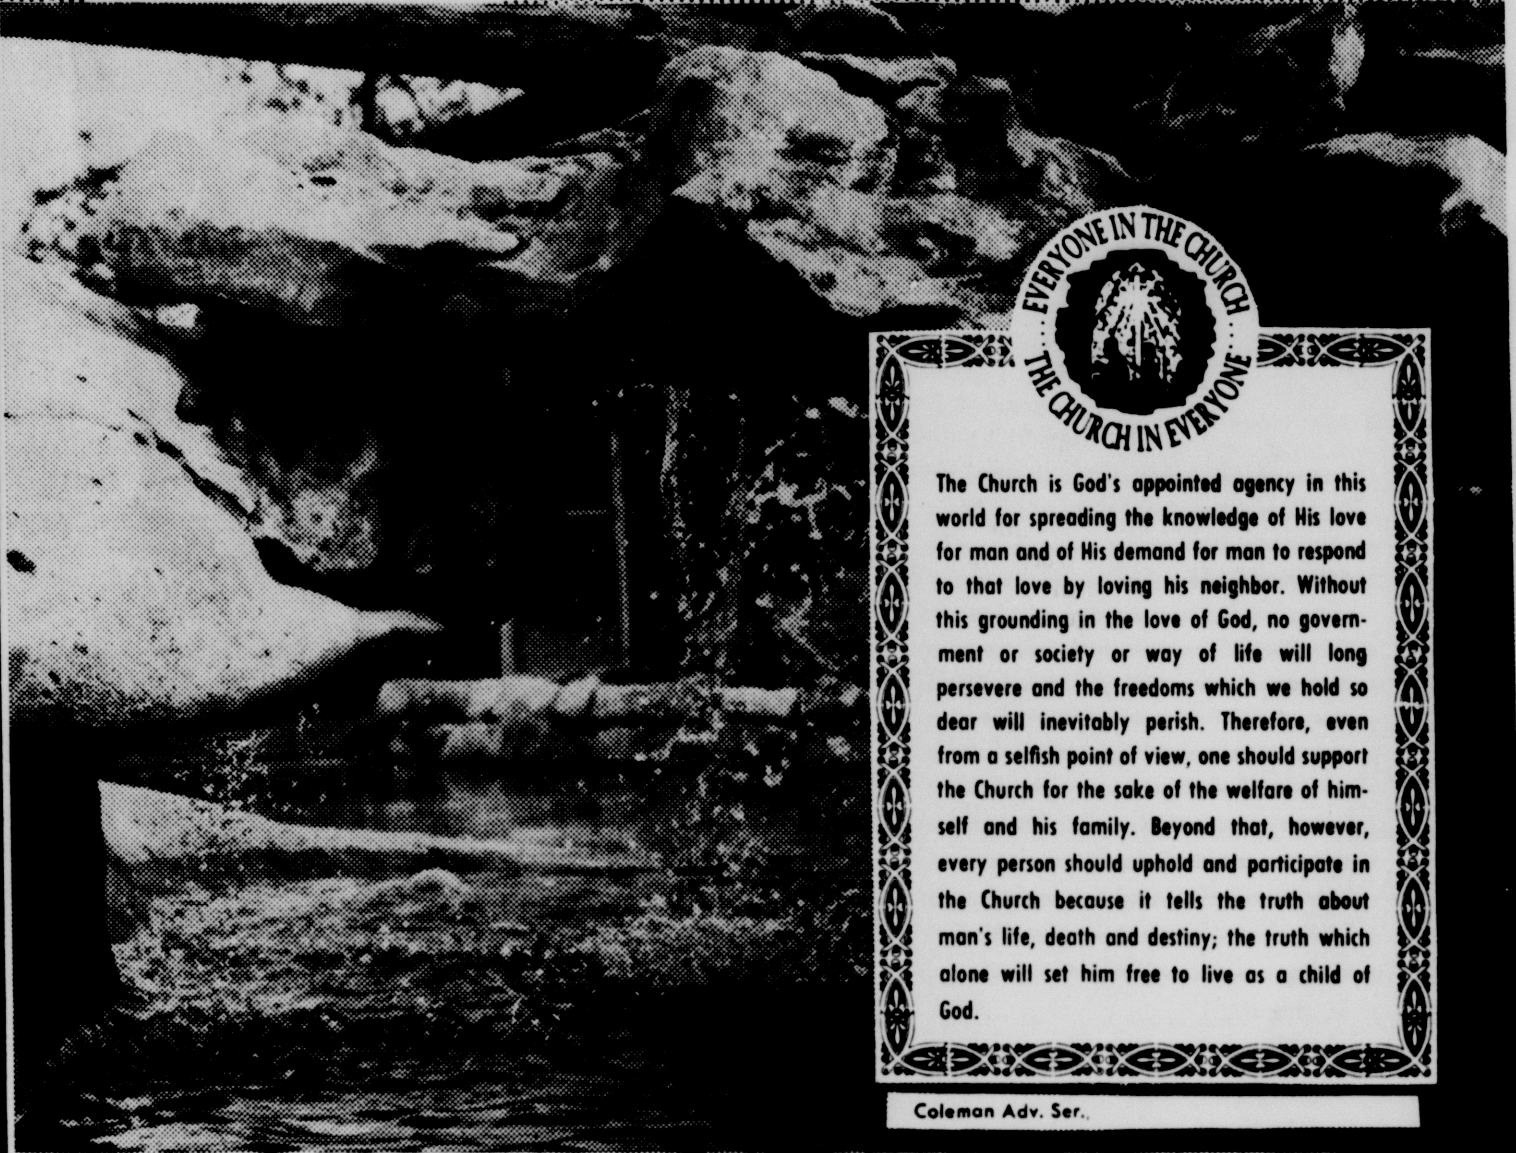

MANMADE

A man made this beautiful little waterfall and improved his part of a little stream that ran by his house.

Another man on another stream threw trash in the water and let weeds grow up around it so that the beauty of the creek was obscured.

Man fashions many things out of that which God has created. Beauty or ugliness can result from our decisions as to what we will do with divine raw materials. Dedication to God and the desire to emulate Him usually makes the difference in what we do with what God has provided.

Let God find you in His church.

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.

AFTER JAN. 1—

More Lights Coming for Cotton Trailers, Tractors

Cotton trailers and other farm vehicles will be affected by a new state law that goes into effect Jan. 1, 1972. Cotton trailers after that date must be equipped with an extra tail light, another stop light and flasher lights.

The new law was explained to about 50 agricultural representatives on the high plains last week at a meeting held in Lubbock. Explaining the new law was State Senator H. J. "Doc" Blanchard and Major C. W. Bell, regional commander for the Texas Department of Public Safety.

It was explained at the meeting by Blanchard that for all practical purposes, no changes in lighting or other equipment will be required on either trailers or tractors prior to Jan. 1.

Both men stressed that cotton trailers will be exempt from brake requirements, provided they are not pulled at speeds exceeding 30 miles per hour. The cotton trailer exemption, they explained, applies to vehicles with a gross weight of 15,000 pounds, including the load.

Under the present law, all farm trailers must have a taillight and a stop light. Turn lights also are required if the driver cannot give a hand turn signal that is clearly visible from the rear, or if the side of the trailer extends outward 24 inches. Cotton trailers at present also must have illuminated lights at the front and back side panels.

Under the new law, a cotton trailer must be equipped with two taillights, one on each side, and two spotlights. The law will also require simultaneous flasher lights on the rear of a trailer for use as hazardous warning signals. There are no flasher light requirements in the present law.

In addition cotton trailers in the future must have a cluster of clearance lights. These do not necessarily have to be operable from the pulling vehicle though. The clearance lights must be as near the top of the back of the trailer as possible and not more than 12 inches apart in a string.

The new law stipulates that

the rear lights must be visible from a distance of 5,500 feet. Daylight will have no bearing on the lighting requirement at the lights must be on trailers pulled over public roads in the daytime as well as at night.

Manufacturers will add the lighting equipment to tractors to meet standards of the uniform road law. If they are operated on public roads, tractors which are built or assembled on or after Jan. 1 must have, on the front, two headlights and two amber or

white warning lights. On the back, the tractors must have two red flashers visible from a distance of 1,000 feet in daylight, a taillight, and a slow moving emblem. The lights, front and back, must be burned day and night when the tractor is on the highway.

WITH A BANG— Annual Dove Shootout Less Than A Month Away

Former Dentist, Dr. R. E. Snyder, Dies In Hillsboro

Dr. Robert E. Snyder, 49, former dentist here, died from an apparent heart attack while working at his office in Hillsboro last Wednesday morning. Funeral services were held Friday in Hillsboro.

Dr. Snyder practiced dentistry here before moving to Hillsboro seven years ago. He had previously practiced in Cleveland and Dallas. He was a native of Barborton, Ohio, and served his residency in oral surgery at John Sealy Hospital in Galveston. He taught dentistry at Baylor.

Survivors include his wife, Anita, 102 Mockingbird Lane, Hillsboro; his stepmother; and three children, Larry Snyder of Craig Air Force Base, Ala., and Kathy and Judy of the home.

Local Students Named Officers

Junior class officers of the Student Association at Hardin-Simmons University include two students from Hamlin.

Sharon Townley, English major, is secretary and Gil Lain, religious education major, is a congressman.

Both are 1969 graduates of Hamlin High School. Sharon's parents are Mr. and Mrs. Jack Townley, now of Haskell. Gil is the son of Mr. and Mrs. Dale Lain.

Guests in the home of Mr. and Mrs. D. O. Waymire the past week were Mr. and Mrs. Bob Myers of San Diego, Calif.

Mrs. J. W. Carter Attending State Training Session

Mrs. Joe Wayne Carter, Hamlin High School homemaker teacher, is attending the in-service training for the state homemaker teachers this week in Dallas at the Statler-Hilton Hotel.

Sessions were scheduled Monday through Friday.

Aug. 9-13, Mrs. Carter will attend the Home Economics Cooperative Education workshop at Texas Tech University. This is being held in cooperation with the Texas Education Agency and the local school.

AUSTIN — Science and skill, a sage once noted, will always triumph over ignorance and superstition.

But come high noon Sept. 1 some of the most scientific and skillful shotguns in the world will manage to look ignorant and superstitious.

It's opening day of the dove season for Texas' North Zone.

Thousands of Texas hunters will fire countless thousands of dollars worth of powder and shot from the most advanced scatterguns devised by man in an effort to bring down a bird scarcely weighing four ounces.

At first glance, this confrontation would seem overly one-sided in favor of the hunter. But don't put the dove on your sympathy card list because of this gun pressure.

Texas Parks and Wildlife Department biologists point out that mourning doves — and whiterings as well — combine a remarkable reproductive capacity with some fantastic flying feats to remain populous year after year, regardless of hunting pressure.

And this year's dove crop appears to be on a par with past years, despite dry conditions in much of the state. As usual, the birds will be highly concentrated in some areas and scarce in others, depending on food availability.

A statewide survey of about 5,000 hunters last year indicated a harvest total of approximately 9.5 million birds. While it is difficult at best to estimate the total population of doves in the state at a given time, biologists know the dove

populations have been able to easily withstand the annual harvest.

Weather conditions and the availability of nesting habitat have traditionally had more effect on bird populations than hunting, experts say.

So the darting, dipping doves again will challenge the eyes and reflexes of hunters upon the greensward. Only the better shooters will get the daily limit of 10 doves.

In the North Zone, the season is Sept. 1 through Oct. 30, from 12 noon to sunset. In the South Zone, the season is Sept. 25 through Nov. 23, with the following exception. In counties

In the North Zone, the season is Sept. 1 through Oct. 30, from 12 noon to sunset. In the South Zone, the season is Sept. 25 through Nov. 23, with the following exception. In counties which have a white-winged dove season, the mourning dove season ends Nov. 19.

However, mourning doves may be taken during the four-day whitewing season Sept. 4 and 5 and Sept. 11 and 12. In other words, whitewing hunters in the extreme southern part of the state may legally take 20 doves (10 whiterings and 10 mourning doves daily during the whitewing season which precedes the regular mourning dove season.

Hunters in the whitewing areas who take to the field during the South Zone mourning dove season probably won't see many whiterings — most of them will have gone south. But care should be taken to be sure the bird is a mourning dove before firing away.

Notice to Long Distance Telephone Users

Effective September 1, the charges for long distance calls within the State of Texas will be changed as follows:

- Rates will be reduced on most station-to-station calls dialed direct, without any operator assistance.
- New one-minute initial period calls will be introduced, at low night rates, for station-to-station calls dialed direct without operator assistance between 11 p.m. and 8 a.m.* This will make it possible to call anywhere in Texas for 22¢ or less.
- Time periods when the various customer dialed rates are effective will be the same as those for interstate calls.
- Rates will be increased on all person-to-person and station-to-station calls requiring operator assistance in any way, except as noted below.*

*Where direct dialing is not available, the customer dialed rate will be charged for station-to-station calls from non-coin phones, on which the caller furnishes the area code and number, and the call is charged to the telephone from which it is made.

More detailed information may be obtained at any company business office

 Southwestern Bell

NEWS FROM . . .

Old Glory

By Bernice D. White

Those long awaited showers have finally come. Rain in Old Glory totaled around two inches last week. Farmers south of town received more. Crops are looking better and the cool weather and rain have brightened up some faces too.

Mrs. Travis Beil has returned home after spending about two weeks in Nevada visiting her son and family, the Billy Beils. Weldon Spitzer, student at Texas Tech in Lubbock, was home last weekend visiting his parents, Mr. and Mrs. Garrett Spitzer.

Mr. and Mrs. Ben Jowers and children were here from Arizona recently visiting her parents, Mr. and Mrs. Leland Ashorn.

Mr. and Mrs. Bill Wright have returned home after spending the summer at San Angelo where Mr. Wright underwent surgery and received medical treatment. We are happy to report he is much improved and is getting ready to start teaching school again. He says it surely is good to be home again and he did so appreciate

Funeral Services Held Sunday for Sam Waller, 77

Sam Waller, 77, a resident of Hamlin since 1925, died at 8:30 p.m. Thursday at Stamford Inn in Stamford.

Funeral was held at 3 p.m. Sunday at Oak Grove Baptist Church with Rev. B. C. Freeman, pastor, officiating. Burial was in Hamlin East Cemetery.

Mr. Waller was born Feb. 28, 1894 in Bronte. His parents were the late Mr. and Mrs. Will Waller. He married Ellen Newsom in Burleson County Aug. 14, 1931. She died Dec. 26, 1968. He married Mary Brown in Fort Worth in December, 1969. He was a member of the Church of God in Christ.

Survivors include his wife of Hamlin; four sons, W. T. of Midland Sam Jr. of Fort Worth, Ernest of Fort Worth and Andrew Charles of Hamlin; seven daughters, Mrs. Savannah White of Fort Worth, Mrs. Joe (Willie Mae) Childs of Fort Worth, Mrs. James (Estelle) Coles of Fort Worth, Mrs. Luther (Betty) Molden of Dallas, Mrs. Sam (Vivian) Jordan of Midland, Mrs. James (Ruby) Willis of Hamlin and Mrs. Jerry Tanner of Fort Worth; one sister, Annie Bell Ross of Houston; 30 grandchildren and 11 great-grandchildren.

the cards and letters from his friends here during his illness.

Recent visitors in the home of Mr. and Mrs. C. T. Pierce have included her mother, Mrs. Gerald Conrad and her sister, Mrs. Burdine, both of Bicknell, Ind.

Mr. and Mrs. H. L. Boles have accompanied their daughter and family, the Sam Houstons of Abilene, on a vacation trip to Colorado this week.

Herbert Klump is a patient in Haskell Hospital. We join with others in wishing that he will soon be well enough to return

home.

Mrs. George Rhoads has returned home after being ill and spending over a week in Hamlin Hospital.

Mrs. Tillie Dippel was ill and a patient in Haskell Hospital several days last week.

Mr. and Mrs. Wesley Tabb and children of Houston were here recently visiting her parents, Mr. and Mrs. Herbert Klump.

Mr. and Mrs. Raymond Gerloff of Abilene were here last Sunday visiting his mother, Mrs. Katie Gerloff.

Mr. and Mrs. George Bury and their daughter and her husband, Mr. and Mrs. Joe Dawkins of Seymour, returned last Monday after spending seven days in the Hawaiian Islands. They visited several islands which included Poipu Beach, at Koloa, Kauai.

News deadline is noon Tuesday.

THANK YOU ! ! ! !

I am William Jackson, owner of JACKSON BODY SHOP. We have just finished one year, and are beginning our second year, and take this way to express my gratitude to you for your patronage and good will.

I believe that in spite of the condition the WORLD is in, there are, and always will be, thousands of wonderful people like you around.

Thank you for proving it to be a fact in my life and in my business.

We cast our bread upon the waters of trust, of quality, of capability and of genuine willingness to be of service to my town and it's people.

Thank you for choosing to sail those same waters.

And as we begin the second year we will offer no bargains, only values, no every day low prices, instead, we'll give every day high quality, for we realize that when it comes to the care of your car there are no bargains. — But if you ever need me or my purple wrecker — your call has priority over anything I have planned, and I want you to know that whatever you need, if we have it, you can get it and Mr. or Mrs. you can get the best of it.

COME LIVE IN THE ELECTRIC CLIMATE

There's less housekeeping there.

Flameless electric heating and cooling is the clean climate. Flameless electric work-saving appliances help keep it even cleaner. Enjoy both in the comfort of a total-electric Gold Medallion home. West Texas Utilities can answer your questions about Gold-Medallion living. Please call us.

Neinda Philosopher Doubts If Bicycles Are Answer to Cities' Traffic Problem

Editor's note: The Neinda Philosopher on his Johnson grass farm on Route One throws some doubt on the latest idea for solving city traffic problems.

Dear editor:

According to an article I read last night to get my mind off the national deficit which I'd been reading about to get my mind off my personal deficit, there were 7 million new bicycles bought in the U. S. last year.

In fact, the article went on,

there are now over 75 million bicycles in the country and the experts have spotted a trend, claiming more and more city people are pedaling to work and leaving their cars at home.

"It's faster, cheaper, healthier, and doesn't pollute," they said, urging other people to try it on the grounds that "it may be the answer to the impossible traffic congestion in our cities."

I've thought this over and what they say is true, in the late spring, summer and early fall, especially if you're going down hill.

But when winter comes on, that glorious feeling with a gentle breeze in your face and birds singing in the golden morning hours changes pretty fast when the temperature drops to freezing and you're bucking an icy north wind with coattails flapping, hands frozen to the handlebars and tears rolling down your frozen cheeks. On a bicycle then is about the last place a man

wants to be.

Of course, I guess you could build an inclosed cab on a bike, but you'd need a windshield wiper for when it's raining, a defroster, turn indicator lights, and perhaps a heater, and what would happen to you if you fell over while inside with the door shut I don't want to think about.

I doubt if the bicycle is the answer to the cities' traffic and pollution problems, unless everybody was required to work only on beautiful sunny days when the temperature is above 50. That might be all right with city people but those are the very days I don't want to work or, for that matter, ride a bicycle.

Yours faithfully,
J. A.

Rolling Plains PCA Loans \$21 Million In First 6 Months

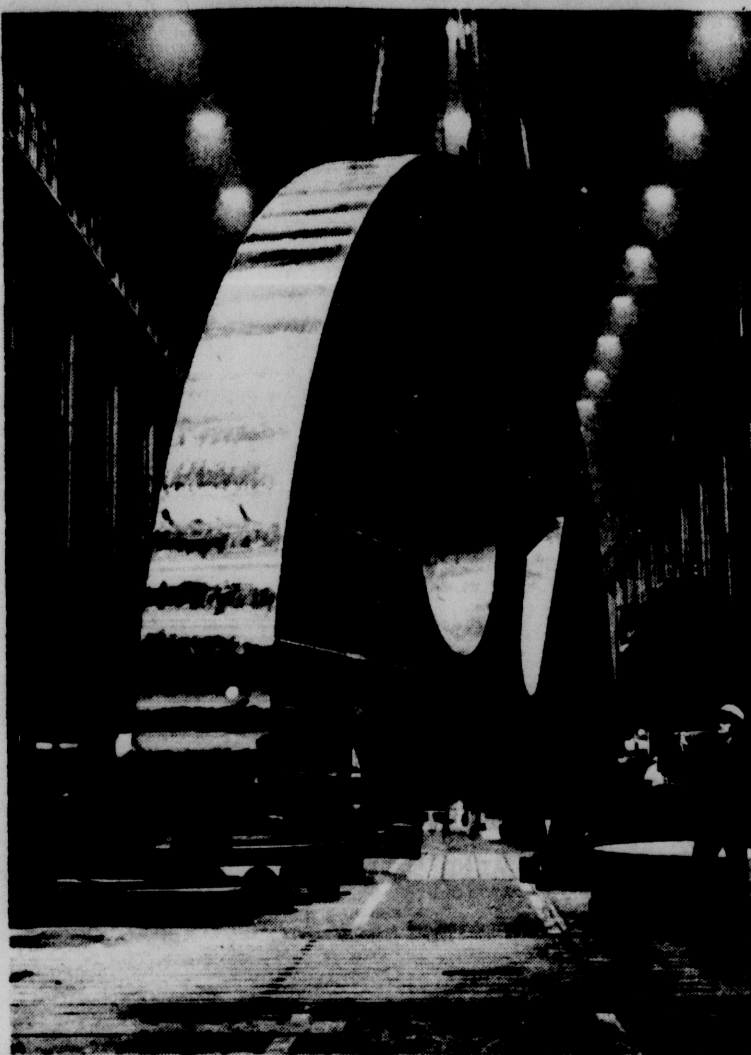

Area farmers and ranchers borrowed almost \$23 million from Rolling Plains Production Credit Association during the first six months of 1971, according to J. L. Hill, Jr., president.

This figure represents an increase of more than \$1.2 million over the same period last year.

Texas' 34 Production Credit Associations loaned more than \$448 million the first half of 1971, an increase of \$33 million over the same period last year.

Rolling Plains PCA has offices in Childress, Matador, Munday, Spur and Stamford. The Association makes agricultural loans in Briscoe, Childress, Collingsworth, Cottle, Dickens, Donley, Foard, Hall, Hardeman, Haskell, Jones, Kent, King, Knox, Motley, Shackelford and Stonewall counties.

Brigham Young was the father of 57 children.

A HEAVY 'HEAD'—An 80 ton forged-steel structure is transported to the welding shop at Combustion Engineering, Inc., in Chattanooga, Tennessee. The huge structure is one half of the head section for a nuclear reactor vessel which is being built for the Atomic Energy Commission's Fast Flux Test Facility in Hanford, Washington. The test facility is operated for the AEC by Westinghouse subsidiary as part of a program to develop a "breeder" reactor—a reactor which promises to create more fuel than it uses to make electricity in power plants. When assembled the reactor head will measure 25 feet across and four feet thick. (Photo by Combustion Engineering, Inc.)

New Long Distance Phone Rates Announced By Bell

DALLAS — An adjustment of long distance telephone rates, which features a new reduced rate for Direct Distance Dialing and increased rates for operator-assisted calls within Texas, was announced today by Southwestern Bell.

Scheduled to go into effect Sept. 1, the adjustment should increase gross revenue by about two percent, or \$15 million annually. H. D. Schodde, vice president for Southwestern Bell operations in Texas, said the after-tax result will be an increase of \$7 million in net operating revenue. "That amount should assist the company in maintaining its earnings in the range of 5.3 percent on the value of its property in Texas," Schodde said.

The new rates represent the first major long distance rate increase in the state since 1955. The company reduced rates \$6 million annually in 1967. Schodde said the adjustment closely parallels a trend by AT&T and other operating telephone companies to place increases on calls which require operator assistance, and provides a reduction for station-to-station calls which customers can complete themselves. "It costs us more to provide operator assistance," Schodde said, "so that's where we're placing most of the increase. On the other hand, customers who dial their own station-to-station calls should have the benefit of a reduced rate."

Schodde emphasized that the estimated two percent increase in company revenues was based on present customer calling habits. "If customers dial more

of their calls, the increase would be less," he said.

In addition to the new reduced rate for Direct Distance Dialing, the adjustments also call for the introduction of a one-minute initial rate period (rather than three minutes) on "night" Direct Distance Dialing; new rates for all operator-assisted — station-to-station and person-to-person — calls during all calling periods; and establishes rate periods (day, evening, night and weekend) and DDD calls which are the same as now in effect for calls going outside of Texas.

Two holidays — Labor Day and July 4th — also have been added to the list of days on which reduced rates apply for DDD calls.

We've been able to avoid making an adjustment on intrastate rates due to improved technology," Schodde said. "However, the high cost of borrowed money and increased operating costs, including taxes and wages leaves us little other choice now than to place the new rates in effect. We hope customers will take advantage of the reductions which we're offering in this package to keep their individual costs as low as possible."

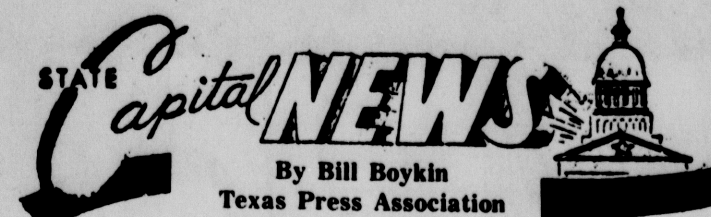

Comparing previous rates with those which will go into effect September 1, Schodde pointed out that an evening three-minute station-to-station call under previous rates for a distance of 300 miles would have been 85 cents. The same call under the new customer dialed rate would be 66 cents. Schodde also noted that a call after 11 p.m. anywhere in Texas would cost 22 cents or less under the new one-minute initial rate period.

Under previous rates, a three-minute person-to-person daytime call up to 300 miles would have been \$1.70. Under the new rates, the same call would be \$2.30.

The new DDD rate will be available in towns which are not equipped for DDD when station-to-station calls are placed by providing the operator with the Area Code and complete telephone number, and when the operator is not required to provide any additional assistance.

Chris Frost of Georgetown, grandson of Mr. and Mrs. E. W. Frost, Route 2, will be presented as a state winner of Young Texan of the Month at the state convention in Corpus Christi, Aug. 5, 6, 7. He is the son of Mr. and Mrs. Jack Frost and a 1971 graduate of Georgetown High School. He was awarded a football scholarship to the United States Naval Academy at Annapolis, Md.

Mr. and Mrs. Eugene Shipp of Roby are parents of a boy, David Wayne, 8 lbs. 11 oz., born July 31 at 4:25 a.m.

AUSTIN — Competition is shaping up in the top two state races for 1972.

State Sen. Joe Christie of El Paso emerged recently as a possible candidate for the Democratic U. S. Senate nomination.

Christie, a 38-year El Pasoan, said he would be reluctant to abandon his state senate place, but he is kept a close eye on U. S. Senator John Tower's activities in the Senate and considers him vulnerable to contest by a strong Democrat.

Christie's statement was seen as a trial balloon aimed at detecting just how serious Democratic leaders are about fielding a candidate against Tower — and whether they would consider him as the man to unite behind.

Meanwhile, Dolph Briscoe of Uvalde is declaring his candidacy for governor and asking support in a series of statewide speeches.

Lt. Gov. Ben Barnes, of course, announced his candidacy for governor and asking support in a series of statewide speeches.

Lt. Gov. Ben Barnes, of course, announced his candidacy for governor in mid-June, and already is campaigning (with time out to get married: to the former Mrs. Nancy Sayers of Austin, a longtime friend).

Former U. S. A. Sen. Ralph Yarborough is still leaving the door open for either a senate or gubernatorial race.

Gov. Preston Smith hints, from time to time, he may seek re-election.

Houston Post President William P. Hobby is the only announced candidate to succeed Barnes as lieutenant governor, but a lot more are expected to follow.

COURT SPEAK — State Supreme Court upheld an intermediate court finding that an individual has no vested "Property right" to welfare aid. In other recent decisions, High Court held:

A 1966 constitutional amendment does not outlaw use of market value to determine tax

value of agricultural land. Kerr County ranchers had contended valuation should be determined on net income per acre from agricultural use only.

Beaumont Baptist minister of a church moved into a residential neighborhood cannot be held in contempt of a court order which blocked construction of an animal health clinic on same site.

Texas law does not require a father to support his illegitimate children. (Only one other state fails to provide for such support.)

Coffee trees bear fruit for about 20 years.

NEWS AND VIEWS . . .

And What Have You

By BOB CRAIG

One of the most outspoken critics of our current welfare mess is James Roberts, publisher of the Andrews County News. He is also one of the most quoted weekly columnist in the state and one of the best.

With this in mind I am going to borrow one of his columns this week. (Always figure that if you are going to borrow something, borrow the best.)

Several weeks ago in this space, we made the prediction, widely quoted, that the next governor of Texas would be that candidate that came out with the best solution to the skyrocketing welfare costs in the state.

We've had serious second thoughts about the matter and reached the conclusion that any candidate that runs on a welfare reform ticket hasn't got a prayer.

A long study of statistics reveals that a welfare reform candidate in Texas has about the same chance as a contestant with a double hernia in a weight lifting contest.

Despite the fact that we have 11,196,730 people in this state, most of whom are paying out an average of \$3.00 per day in taxes, the next governor of Texas will probably have to run on the proven formula of God, motherhood, the American flag, blackeyed peas, the Democrat party first, last, and National Bankers Life, to be elected.

Despite a population of eleven million plus, over four million are under the age of 18, so that leaves 7,097,730 to vote. But of that amount 230,000 are registered aliens so only 6,867,730 are eligible to vote.

But being eligible and voting are two different things — especially in Texas. In the last general election, a total of 2,910,352 bothered to vote which means that 3,957,378 eligible voters won't go to the polls next November.

Even with the lowered voting age in the state, we can expect about 3.3 people to go to the polls — if the election is hot and heavy.

But that's not quite right either. At election time, we will have killed 3,481 in highway accidents, another 216,972 will be in hospitals and can't vote, 86,000 of our voters will have died natural deaths waiting on the November elections, and another 3,450 will be staring out bars in city and county jails.

And that leaves 3,063,737 citizens that can get to the polls of their own accord come election day in November, 1972.

But the state has something like 1,254,333 registered Republicans who are not going to vote for a Democrat even if hell and welfare freezes over.

So that only leaves 1,809,404 possible people left in the state to cast a vote for welfare reform and a new iron-jawed, nonstock buying governor.

But that won't do the job either.

Current unemployment rolls in the state number 112,000 and we have another 600,400 on the government roll for a total of 712,400 who cannot be counted on to go along with any reform of government.

And that leaves a total of 1,087,004 ready to do battle for any welfare reform candidate for governor.

But we haven't counted everything!

We now have in the state 627,000 people on welfare or drawing food stamps or both. And the rolls are growing at the amazing clip of 177 percent per year. By next November, the welfare and food stamp assistance rolls in this state will carry the names of 1,087,000 people — and voters.

And they're certainly not going to vote for a candidate that wants to dilute the gravy . . . consequently, that only leaves four of us screaming for a cleanup of the welfare mess.

We don't know about those other three guys, but we're feelin' mighty poorly . . . mighty poorly!

HIGH AND DRY — With flooding conditions being reported in many parts of the state this past week it would appear that the dog owned by Arnold Herd was not taking any chances as he perched himself on top of a neighbor's car. His caution was not necessary however as no flooding was reported in spite of heavy rains in the area during the period. Bill Rountree, official weather gauger, reported 3.01 inches during the wet spell with some gauges over the area reporting up to 5 inches. The total for July reported by Rountree was 2.35 inches with .95 inches falling here Sunday, Aug. 1.

Austin Judge Rules House Redistricting Bill Invalid

Jones County is one of 18 counties in the state split in the recently passed Texas House redistricting bill that was ruled unconstitutional by a District Court Judge in Austin Monday.

Judge Herman Jones ruled, "The evidence establishes to my absolute satisfaction that the integrity of the counties, which Sec. 26 of the state constitution was designed to protect, has been violated beyond anything that was reasonably required by the one-man, one-vote decision of the United States Supreme Court."

Asst. Atty. Gen. Pat Bailey, who defended the bill, said he presumes his office will appeal Jones' ruling to the state Supreme Court.

Jones' ruling came in a suit filed by Rep. Tom Craddock of Midland, whose district was eliminated by the House bill.

Midland County lacks only 9,000 population having enough to constitute the ideal size for one representative, 74,645. It was split between two

other districts, one of which runs to the Mexican border at Big Bend National Park and the other runs to Abilene.

The redistricting bill under question in the courts also split Jones County with the bulk of the county joining a district on the East that includes Stephens, Palo Pinto, Callahan,

Civil Defense Unit Sets Watermelon Feast Here Friday

The Hamlin Civil Defense will sponsor a watermelon feast Friday at 7:30 p.m. at the Jaycee Community Building that is free to the public.

The members promise "all the cold watermelon you can eat plus a good band from out of town to entertain." A dance is planned after the supper.

A Civil Defense truck and a speaker from Abilene will be here for the public to view and other exhibits of interest will be displayed.

There is no charge.

Shackelford, and parts of Jack and Wise Counties. This is the 53rd district presently being served by Joe Hanna of Breckenridge.

The northwest corner of Jones County, including Hamlin was placed in the 63rd district now being served by Renal Rosson of Snyder.

If the court ruling is upheld by the Supreme Court, a question then arises on whether or not a special five-man board has the power to redistrict the state, or if the governor could call a special session to pass another redistricting bill.

Stamford Girl Wins Farm Bureau Queen Contest

Kathleen Brinell of Stamford was named Jones County Farm Bureau Queen at a contest held in Hamlin High School Cafeteria Friday evening.

Maria Morales of Hamlin was runner-up. She received a \$10 gift certificate.

Miss Brinell will appear on the Sandy Chapell Show Friday.

Judges in the contest were Mr. and Mrs. Bob Christopher, Mrs. Bob Kuykendall, all of Abilene and Mr. and Mrs. Jerry Putnam of Roscoe.

Librarian Seeks Overdue Books

Mrs. Jim Jones, librarian at Harden Memorial Library, has announced that a concerted effort is being made to get all overdue books returned to the library.

All books returned by Aug. 9 will not carry the customary fine of two cents per day for each day overdue.

Pool to Close Here Saturday

The Hamlin Foundation Swimming Pool will close Saturday, Aug. 7.

All persons having season membership tickets should use them on or before that date. The tickets become void after Aug. 7.

Explorer Scouts To Meet Friday

Doyce Gillilan will meet with the Explorer Scouts at 7 p.m. Friday at the Scout Hut, according to Homer Dill, advisor who has recently moved

Little Britches Rodeo Set Friday, Saturday

A Little Britches Rodeo, sponsored by the Hamlin Riding Club, will be held here Friday and Saturday in the local arena on the Aspermont Highway. Two divisions will be featured, with youngsters age one through 10 in one division and youngsters 11 to 14 in the other. Performances will be held at 8 p.m. each evening. Admission will be 50 cents for children and \$1.50 for adults. The concession stand will be open.

Events will include Shetland bareback riding, steer riding, calf scramble, break-a-way calf

roping, barrell racing and pole bending.

Girls ribbon roping and an open barrel race will be staged each night.

Trophies will be awarded to

winners in each event.

Books will close Aug. 5 at 10 p.m. Rodeo secretary is Don Bell, 576-2645.

Rusty Welch of Seymour is stock producer.

Upper Grades Set School Registration Aug. 19-20

Registration for the fall term of school will get underway here Thursday, Aug. 19, for all Hamlin High School and Junior High School students. Classes will get underway for all ages Monday, Aug. 23.

Any high school student who has moved into the Hamlin School district and has not pre-enrolled is asked to go to the high school office anytime from 9 a.m. to 3 p.m. during the week of Aug. 9-13 to receive a

schedule and other information, according to B. V. Newberry, principal.

Juniors and seniors who have already pre-enrolled are to pick up their schedules, books and be assigned lockers on Thursday, Aug. 19. Seniors are to report between 9 and 10:30 a.m. and juniors between 1 and 2:30 p.m. All sophomores are to report on Friday, Aug. 20, between 9 and 10:30 a.m. and all freshmen between 1 and 2:30 p.m.

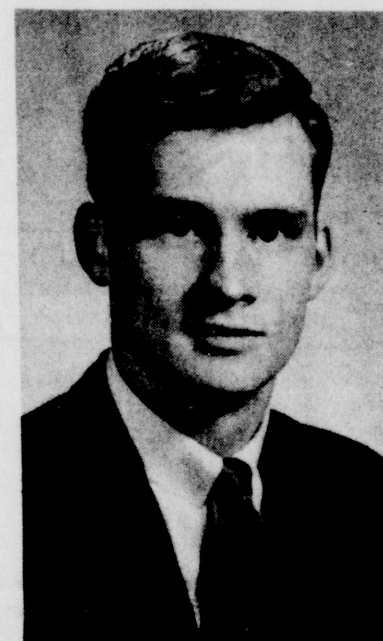

Junior high students will follow the following schedule for registration: eighth grade students on Thursday, Aug. 19, between 10 and 12 a.m.; seventh grade students on Thursday, Aug. 19, between 1 and 3 p.m.; and sixth grade students on Friday, Aug. 20, between 10 and 12 a.m., according to Marvin Carlton, principal.

Junior high students who attended Hamlin schools this past year will not need to bring report cards at this time, according to Carlton. But students new to the Hamlin schools should bring report cards and book cards from the school previously attended.

All students are requested to bring a pen or pencil to registration.

Junior high students will register, receive books and be assigned lockers at this time. They also will be asked to designate their desire to be in the band, enroll in art classes, and participate in football. All students are required to be enrolled in physical education. Carlton said that if a student could not participate in physical education they must have on file a statement to that effect from a physician.

The high school and primary lunchrooms will begin operation on the first day of school, Monday, Aug. 23. Prices for lunches in high school and junior high school will be the same as last year, 50 cents per meal.

REV. BOBBY MYERS
to hold revival

Calvary Baptist Church to Open Revival Sunday

Calvary Baptist Church will be in revival services Aug. 8-15 with Rev. Bobby Myers, pastor of Southside Baptist Church in Canyon, as the evangelist. Services will be held nightly at 8 o'clock.

Rev. Myers is a graduate of Jacksonville Baptist College and lacks only a few hours fulfilling requirements for his degree from West Texas State University, Canyon.

David Thompson will conduct the song service.

Wendell Shirey, pastor, extends an invitation to the public "to come hear this young man preach God's Word."

WITH COUNTY CLERK—

All Livestock Brands Must Be Registered By Feb. 29

All brands and marks on Texas livestock must be recorded with the County Clerk after Aug. 30 according to a new law passed during the last session of the state legislature.

The new law is a result of efforts by state county clerks and farm organizations.

Producers will be given a six-month period (Aug. 30, 1971 through Feb. 29, 1972) on which to register these brands and marks and the location on the animal which they are currently using. After this time, any unrecorded brand will be available for use on a "first come, first served" basis.

The law further states that all such brands and marks must be rerecorded every 10 years. Each County Clerk records for his given county only, so many producers may need to record their brands in additional counties if their operations are extensive.

The owner shall have the

right during this six-month period to file the mark and brand now recorded in his name. In the event it cannot be determined from the records who first recorded the brand and mark in the county, then the person who has been using such mark and brand the longest shall have the right to have it recorded in his name.

It will be illegal to brand livestock without first properly recording the brand with the County Clerk in the county in which the livestock are held.

When the brand or brands are recorded, the location on the animal on which the brand is to be applied must be designated. If the brand is to be applied to more than one location on the animal, it must be recorded and each additional location for the brand on the animal shall constitute a separate recording of that brand.

There is no limit to the

number of brands and or marks which may be recorded in a county by a single person as long as requirements of this law governing the recording and rerecording of livestock brands are met. Minors may have marks or brands separate from that of the father or guardian, which must be recorded or rerecorded as provided by the new law.

The County Clerk must assure that no more than one brand of a kind is recorded on the same location of the animal in each county. Therefore no two persons in a county may record the same brand in the same location. Also, it is the responsibility of the County Clerk to make certain that in recording any brand for a person, that the part of the animal on which the brand is to be placed be designated. Failure to do so is punishable by a fineable offense of not less than \$10 or more than \$50.

Marriage Vows for Reed, Smith Read

Marriage vows for Mary Priscilla Reed and Bobby Dean Smith were read Friday at 7:30 p.m. in the home of the bride's parents, Mr. and Mrs. John Edd Reed of McCaulley.

Parents of the bridegroom are Mr. and Mrs. Armond Smith.

Rev. Vergil Smith, pastor of the McCaulley Baptist Church officiated.

Vickie Smart of McCaulley was maid of honor. Rickey Jeffrey was best man.

The bride, presented in marriage by her father, wore a street length dress of Chantilly lace and silk organza. The lace bodice was designed with high neckline, bishop sleeves and semi-A-line skirt of organza. A cluster of petals enriched with lace held her shoulder length veil. She carried a bouquet of white carnations with blue and white streamers.

Miss Smart's dress of blue crepe was trimmed with blue and white ruching. Her flowers were white carnations with white streamers.

The reception followed in the home.

The bride is a graduate of McCaulley High School.

The bridegroom, also a McCaulley graduate, attended Cisco Junior College. He is employed by W. C. Sojourner.

The couple will live on the Sojourner Farm.

... MAKE THE FASHION LIST

A sportswear firm in The British Isles which features authentic Scotch plaids and tartans got on the back-to-school bandwagon by introducing very short versions in shorts and pants.

A prestige U.S. house has also brought out all-wool hand knit blazer jackets with turtleneck sweaters underneath.

Spokesmen for the blouse industry, which has been in and out of favor recently has shown a resurgence with the return of the separate skirt and the comeback of separates. Shoppers have been enchanted with the peasant look, but there should be a renewal of interest in the whole spectrum of blouses with the comeback of separates.

The silk shirt is making a comeback to go with the long skirts. Says one manufacturer, "We shipped thousands of shirts not only for fall, but also for holiday, cruise and resort and spring-summer, '72. We've also brought out street length skirts; there is also strong interest in printed silk and wool challis street shirtwaist dresses."

The culotte is important ... and with all the other separate skirts is ready to be pulled together with those short tops, long cardigans, vests and wider-shoulder shirts and sweaters.

The Skirt and Sweater.

With a new concept. It's now a soft sweater knit skirt and sweater ... more often than not matching.

And sweaters take another new (old) length — hip-top — to go with skirts that fall just below the knee.

The new sweater details: Raglan sleeves, saddle shoulders, triple-roll turtlenecks, cut-out necklines with the newest the square.

The Dress.

The dress moves easily into fall in knits. Dresses' most important silhouettes: Away from the body or fit and flare, often falling from a wide waistband.

One great look is the dress with a jacket.

And on their own, dresses also get more details: Wide shoulders, wide midriffs, balloon, puffed, bishop and butterfly sleeves and a variety of necklines.

The Suit.

The blazer, very big, for fall ... as a jacket with a pleated skirt.

The peplum continues important, over its own skirt.

Jackets with those new, wider lapels adorn the newest suits.

Surface Interest, Jacquards and Color Make It A Great Knit Fall.

The figurative jacquard is the big jacquard and everything goes — fruits, vegetables, animals, homes, people, cars. The ribs never end, and the newest ones are broken up into patterns. Surface interest takes in intarsia, high

KAREN CROUCH ... sets wedding date
Karen Crouch, Michael Baldree To Wed Sept. 11

Mr. and Mrs. Ed Wilfong of Rotan have announced the engagement and approaching marriage of their daughter, Karen Lynn Crouch, to Michael O. Baldree, son of Mr. and Mrs. Oren D. Baldree of Old Glory.

The bride-elect is a graduate of Rotan High School.

The prospective bridegroom is a graduate of Old Glory High School and attended Navarro Junior College at Corsicana.

The wedding will be Sept. 11 at 7 p.m. in the First Methodist Church in Rotan.

Nancy Johnson, Milton Jordan Wed In Stamford

A Gal's Prized Accessory ... A Blemish-Free Complexion

If all a co-ed had to worry about was solving algebra problems, going back to school each fall would be a greater cause for joy! Unfortunately, one of the more tricky problems confronting co-eds today doesn't even enter into the academic curriculum.

Adolescent acne — or even only periodic blemishes and blackheads — plague most high school and college students and can throw a giant pall over even the zingiest personality. And, while medicated cosmetics may cover up trouble spots, scrupulous cleanliness is the best preventative known.

Girls are wearing makeup younger and younger these days, often with more finesse and skill than their mothers ever imagined in their own youth. Nonetheless, even "natural-looking" cosmetics must be removed thoroughly each night. And, with more oily skin, makeup should also be re-done at least one other time during the day, both to keep it fresh looking and to help prevent the build-up of oil that can create blemishes.

Among products specially designed for anywhere-you-go cleansing, there's a new medicated lemon gel product that helps prevent future blemishes as it cleans. Angel Face Medicated Lemon Cleanser removes deep-down soil and makeup in seconds. Excess oil is whisked away, and users say it leaves skin smooth, clear and glowing.

Remember though, cleanliness is just half the battle in the war against blemishes. Regular exercise, a balanced, low-fat diet and plenty of sleep can all make a difference in the appearance of your skin.

So, start the new school term with the Honor Roll in mind and save your problem solving for your algebra class!

A subscription to their hometown newspapers will keep students abreast of the home-front gossip.

Junior high schools were not established in the U.S. until the early part of the 20th century.

Mr. and Mrs. Douglas Floyd Boling are parents of a girl, Pennie Dale, 6 lbs. 9½ oz., born July 30 at 7:25 p.m.

Chief, Princess Named At Close of Children's Crusade

Guyan Roberts and La Etta Scifres were named Chief and Princess in the recent Children's Crusade held at Foursquare Gospel Church.

Guyan, in keen competition among the boys, earned 2600 points for memorizing 24 verses and bringing six others to the Crusade.

Points were given for: bringing Bible, memorizing verses, being present, bringing others, scores on the scripture hunt and quizzing. Main emphasis was placed on scripture memorization and bringing others.

La Etta memorized seven verses and compiled 1300 points. April Harris was runner-up with 930 points.

Runners-up in the boys division were Rickey Dockins, 1995 points; Gordon Roberts, 1610; David McGrew, 900; and Mike McGrew, 775.

The Crusade which averaged 45 in attendance was hampered by torrential rain the closing night.

Directors were Rev. and Mrs. M. L. Burnett of Arlington. They organized a program of Bible stories and child related stories. Murphy the lion and Maurice the monkey were favorites. The children were quizzed by popping balloons and finding the number to the

AT CHILDREN'S CRUSADE — La Etta Scifres was named Princess and Guyan Roberts was named Chief at the closing of the Children's Crusade held at Foursquare Gospel Church. They earned their titles for gaining the most points during their participation in the Crusade.

NEWS FROM ... Sylvester

By MRS. R. M. BARB

We needed rain and we got rain! Only 4.45 in. last week and we are very proud but we don't need any more just now. Surrounding areas got more than we did. Just east of us got as much as six inches at one time.

Lori and Angela Maberry of Allen have spent the past two weeks with their grandparents Mr. and Mrs. Richard Kelly and Mr. and Mrs. J. P. Maberry.

Bro. Buster Grigg preached a weekend revival in Longworth last weekend.

Dusty, Derrell and Wayne Douglass have enjoyed a visit with their grandparents, Mr. and Mrs. Ross Douglass. Cammie Wright visited on Saturday with the boys and her grandparents.

James Wilder of Dallas visited with his mother, Maggie Wilder over the weekend.

Eric Prather of Sweetwater spent the weekend with his grandparents, Mr. and Mrs. W. B. Brown. On Sunday afternoon Gerry Prather and sons, Ricky, Jackie, Bobby Deel came over and spent the afternoon returning to Sweetwater taking Eric with them.

Mr. and Mrs. Leldon Boyd of New Mexico stopped for a short visit with his aunt, Gladys Williams Saturday morning on their way home. They had visited the week with his parents, Mr. and Mrs. Ross Boyd of Boyds Chapel.

Several of our people have

FROM THE FILES . . .

FORTY-FIVE YEARS AGO
(August 6, 1926)

The Jones County Old Settlers Reunion will be held in Anson, beginning August 17 and will last for several days, are the plans given out by Mr. J. J. Dyer, who with the aid of Mr. John Bryant of Abilene, are perfected plans for one of the biggest and best gatherings ever witnessed by the Old Settlers.

Mr. Dyer will have the formal opening of his new and modern hotel at this time and he extends to all the old settlers who have lived in the county for more than 30 years a cordial invitation to be his guest at this opening, stating that there will be plenty of "Chuck" for them and storage for their conveniences.

This will be the first Reunion in several years and these men are preparing to make it the biggest in the history of reunion. The first two days will be given over to a general get-together and registration, third day will be a special "kiddies" and young peoples day, the remaining days will be what they call general Roundup of the Reunion.

The different committees will be published in the near future, and everyone is asked to watch for them. Old Settlers who are eager to lend a hand in this wonderful celebration are requested to correspond with Mr. J. J. Dyer of Anson.

C. C. Renfro who lives four miles east of Hamlin, came into town Wednesday with samples of new cotton open. He reported three bolls on one stalk. This indicates cotton will begin to roll early this year. Mr. Renfro reports the finest cotton he has ever had in this country.

The Republicans of Jones county held a primary election for state offices Saturday the 24th, at three places in the County, this maintaining the county organizations as a unit in this political party of the state.

TWENTY YEARS AGO
(August 3, 1951)

A quick Survey of retail establishments in Hamlin this week reveals that they will maintain their price of five cents for bottled soft drinks. This opinion was expressed in view of proposed increased wholesale prices for beverages as allowed by the Office of Price Stabilization.

Most area manufacturers had notified their retail patrons that no increases were expected for the present.

Secure in the knowledge that their water supply is more than adequate for the summer, Anson residents have been running approximately 1,000,000 gallons of water a day through their taps and air conditioners during the current heat wave.

Consumption hit a peak last Saturday and Sunday 1,043,000 gallons.

Much of the increase above normal summer consumption was attributed to cooling devices in offices, homes and apartments. However, watering of vegetable gardens, lawns, shrubs and flowers was heavy.

T. C. Blankenship, vocational agriculture teacher in Hamlin High School, and Harold Eades, assistant, are in Mineral Wells this week attending annual session of the Tri-Area Conference of vocational agriculture teachers.

General sessions opened Wed-

nesday morning and will continue through Friday.

From hot to hotter was the order of the day for the latter half of the month of July in Hamlin and thermometer readings furnished from the Santa Fe railroad station reflected a soaring temperature. Hottest day for the year was recorded at 5 p.m. reading on July 18 when the mercury reached 120 degrees. July 19 and 20 had readings of 116 and 117 respectively.

It was noted that the afternoon temperatures recorded were at that time of day when the thermometer was exposed to the full glare of the sun.

Evangelist Earl Abbott of Roswell, New Mexico, is conducting the "Abbott Healing Campaign" in a tent revival at 219 Northeast Ave. B., Rev. Donald Berry, pastor of the United Pentacostal Church in Hamlin.

Services began last week and will continue through Sunday evening. The public is invited to the revival services, which open at 8:00 each evening.

TEN YEARS AGO
(August 3, 1961)

Reserved seat tickets are now on sale for the Jaycee Hamlin Amateur Rodeo to be held next Thursday, Friday and Saturday, August 10-12. They may be purchased from Joe Ford at the F and M National Bank and are 50 cents, this does not include general admission which is a \$1.00 for adults and 50 cents for children under 12. Reserved parking spaces along the east fence are also on sale at \$1.00 per night.

The rodeo will open Thursday with a downtown parade. Riding clubs from over West Texas have been invited to take part and trophies will be awarded to the top three.

Knoonesman and Helmes of Snyder and Rotan will furnish the bucking stock for the show and if the performance of their stock in other rodeos over the area is any indication the contestants will have a rough time.

"Really eating high of the Hog" is Martha King, local Hamlin resident, who dropped by Joe Hudspeth's Tire and Appliance and took a guess at the hog that was to be given away at the end of Hudspeth's Hog Wild Sale. Her guess was exactly what the hog weighed, 95 pounds.

The Hamlin Ladies' Softball team will play Aspermont Thursday at 7:30 p.m. in the Little League Park.

This will be the first game for the team to play under lights and they urge everyone to come and support the team.

There are two teams in the Hamlin League and the best players from each team will compose the team to play against Aspermont.

Open House will be held at the parsonage of the First Methodist Church Sunday from 3 to 5 p.m. The house has recently been moved to the present location, 210 N. W. Ave. A, and has been completely remodeled.

The parsonage family, the Rev. and Mrs. Edmund Robb and children, extend cordial invitation to the public to come by and see their new home.

Jones County Extension Agents, Mary Y. Newberry and Kirby Clayton have been selected by the District Agents from Extension District III to participate in a Program Building Workshop at College Station on August 22, 23 and 24.

cided to go ahead and apply for the reduced benefit. Can I get my checks all the way back to the month I was 62?

A. No. An application for social security retirement benefits can be retroactive for no more than 12 months.

Q. I would like to take my young son to a social security office and get him a social security card. Does he have to be a certain age?

A. No. There is no minimum age for getting a social security card.

Have a question about social security and its retirement, survivors, disability or Medicare benefits? See your telephone directory for the phone number and address of the nearest social security office.

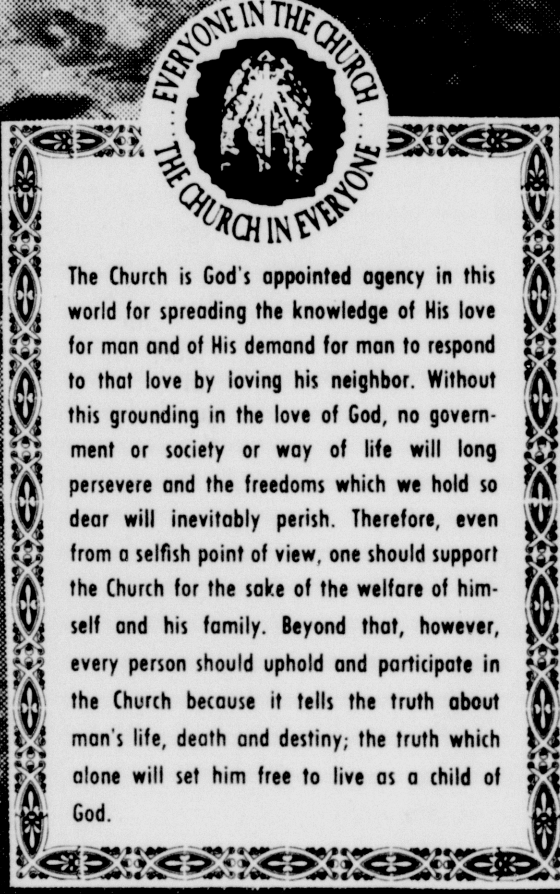

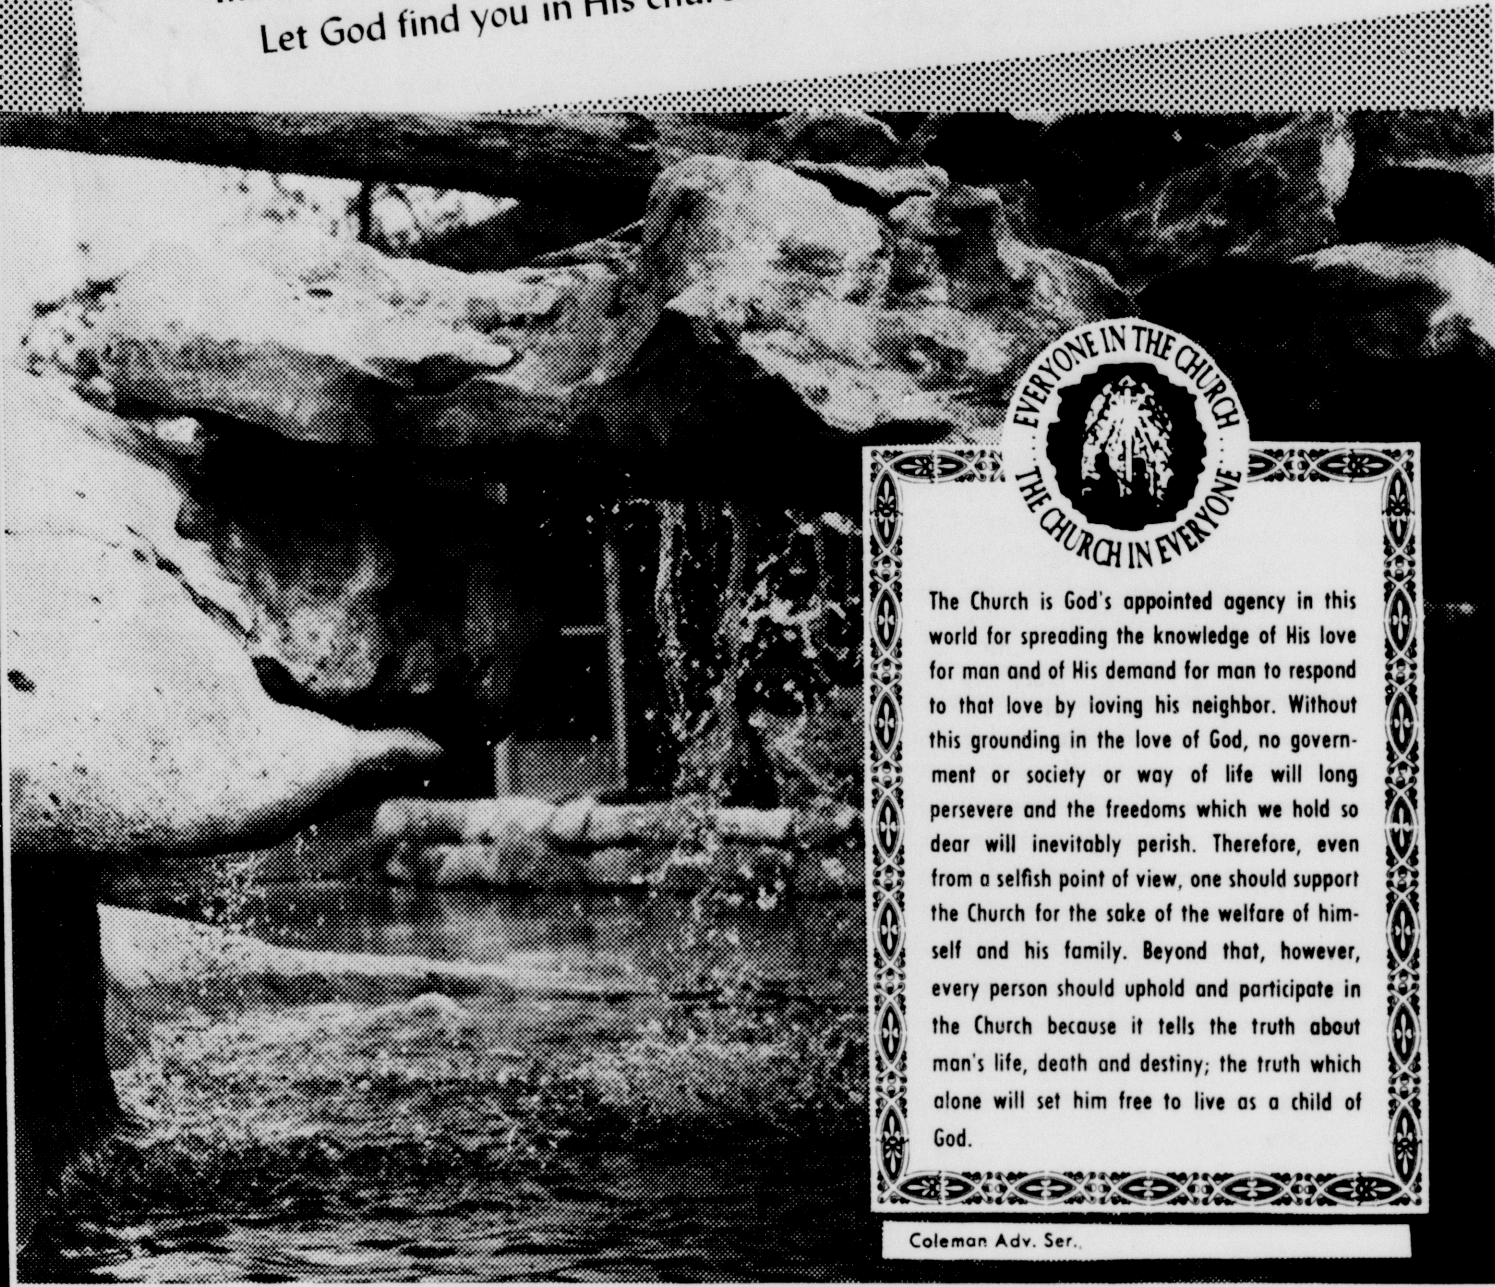

MANMADE

A man made this beautiful little waterfall and improved his part of a little stream that ran by his house.

Another man on another stream threw trash in the water and let weeds grow up around it so that the beauty of the creek was obscured.

Man fashions many things out of that which God has created. Beauty or ugliness can result from our decisions as to what we will do with divine raw materials. Dedication to God and the desire to emulate Him usually makes the difference in what we do with what God has provided.

Let God find you in His church.

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.

AFTER JAN. 1—

More Lights Coming for Cotton Trailers, Tractors

Cotton trailers and other farm vehicles will be affected by a new state law that goes into effect Jan. 1, 1972. Cotton trailers after that date must be equipped with an extra tail light, another stop light and flasher lights.

The new law was explained to about 50 agricultural representatives on the high plains last week at a meeting held in Lubbock. Explaining the new law was State Senator H. J. "Doc" Blanchard and Major C. W. Bell, regional commander for the Texas Department of Public Safety.

It was explained at the meeting by Blanchard that for all practical purposes, no changes in lighting or other equipment will be required on either trailers or tractors prior to Jan. 1.

Both men stressed that cotton trailers will be exempt from brake requirements, provided they are not pulled at speeds exceeding 30 miles per hour. The cotton trailer exemption, they explained, applies to vehicles with a gross weight of 15,000 pounds, including the load.

Under the present law, all farm trailers must have a taillight and a stop light. Turn lights also are required if the driver cannot give a hand turn signal that is clearly visible from the rear, or if the side of the trailer extends outward 24 inches. Cotton trailers at present also must have illuminated lights at the front and back side panels.

Under the new law, a cotton trailer must be equipped with two taillights, one on each side, and two spotlights. The law will also require simultaneous flasher lights on the rear of a trailer for use as hazardous warning signals. There are no flasher light requirements in the present law.

In addition cotton trailers in the future must have a cluster of clearance lights. These do not necessarily have to be operable from the pulling vehicle though. The clearance lights must be as near the top of the back of the trailer as possible and not more than 12 inches apart in a string.

The new law stipulates that

the rear lights must be visible from a distance of 5,500 feet. Daylight will have no bearing on the lighting requirement at the lights must be on trailers pulled over public roads in the daytime as well as at night.

Manufacturers will add the lighting equipment to tractors to meet standards of the uniform road law. If they are operated on public roads, tractors which are built or assembled on or after Jan. 1 must have, on the front, two headlights and two amber or

Former Dentist, Dr. R. E. Snyder, Dies In Hillsboro

Dr. Robert E. Snyder, 49, former dentist here, died from an apparent heart attack while working at his office in Hillsboro last Wednesday morning. Funeral services were held Friday in Hillsboro.

Dr. Snyder practiced dentistry here before moving to Hillsboro seven years ago. He had previously practiced in Cleveland and Dallas. He was a native of Barberton, Ohio, and served his residency in oral surgery at John Sealy Hospital in Galveston. He taught dentistry at Baylor.

Survivors include his wife, Anita, 102 Mockingbird Lane, Hillsboro; his stepmother; and three children, Larry Snyder of Craig Air Force Base, Ala., and Kathy and Judy of the home.

Local Students Named Officers

Junior class officers of the Student Association at Hardin-Simmons University include two students from Hamlin.

Sharon Townley, English major, is secretary and Gil Lain, religious education major, is a congressman.

Both are 1969 graduates of Hamlin High School. Sharon's parents are Mr. and Mrs. Jack Townley, now of Haskell. Gil is the son of Mr. and Mrs. Dale Lain.

Guests in the home of Mr. and Mrs. D. O. Waymire the past week were Mr. and Mrs. Bob Myers of San Diego, Calif.

Mrs. J. W. Carter Attending State Training Session

Mrs. Joe Wayne Carter, Hamlin High School homemaking teacher, is attending the in-service training for the state homemaking teachers this week in Dallas at the Statler-Hilton Hotel.

Sessions were scheduled Monday through Friday.

Aug. 9-13, Mrs. Carter will attend the Home Economics Cooperative Education workshop at Texas Tech University. This is being held in cooperation with the Texas Education Agency and the local school.

white warning lights.

On the back, the tractors must have two red flashers visible from a distance of 1,000 feet in daylight, a taillight, and a slow moving emblem. The lights, front and back, must be burned day and night when the tractor is on the highway.

WITH A BANG—

Annual Dove Shootout Less Than A Month Away

AUSTIN — Science and skill, a sage once noted, will always triumph over ignorance and superstition.

But come high noon Sept. 1 some of the most scientific and skillful shotguns in the world will manage to look ignorant and superstitious.

It's opening day of the dove season for Texas' North Zone. Thousands of Texas hunters will fire countless thousands of dollars worth of powder and shot from the most advanced scatterguns devised by man in an effort to bring down a bird scarcely weighing four ounces.

At first glance, this confrontation would seem overly one-sided in favor of the hunter. But don't put the dove on your sympathy card list because of this gun pressure.

Texas Parks and Wildlife Department biologists point out that mourning doves — and whitewings as well — combine a remarkable reproductive capacity with some fantastic flying feats to remain populous year after year, regardless of hunting pressure.

And this year's dove crop appears to be on a par with past years, despite dry conditions in much of the state. As usual, the birds will be highly concentrated in some areas and scarce in others, depending on food availability.

A statewide survey of about 5,000 hunters last year indicated a harvest total of approximately 9.5 million birds. While it is difficult at best to estimate the total population of doves in the state at a given time, biologists know the dove

populations have been able to easily withstand the annual harvest.

Weather conditions and the availability of nesting habitat have traditionally had more effect on bird populations than hunting, experts say.

So the darting, dipping doves again will challenge the eyes and reflexes of hunters upon the greensward. Only the better shooters will get the daily limit of 10 doves.

In the North Zone, the season is Sept. 1 through Oct. 30, from 12 noon to sunset. In the South Zone, the season is Sept. 25 through Nov. 23, with the following exception. In counties

In the North Zone, the season is Sept. 1 through Oct. 30, from 12 noon to sunset. In the South Zone, the season is Sept. 25 through Nov. 23, with the following exception. In counties which have a white-winged dove season, the mourning dove season ends Nov. 19.

However, mourning doves may be taken during the four-day whitewing season Sept. 4 and 5 and Sept. 11 and 12. In other words, whitewing hunters in the extreme southern part of the state may legally take 20 doves (10 whitewings and 10 mourning doves daily during the whitewing season which precedes the regular mourning dove season.

Hunters in the whitewing areas who take to the field during the South Zone mourning dove season probably won't see many whitewings — most of them will have gone south. But care should be taken to be sure the bird is a mourning dove before firing away.

NEWS FROM . . . Old Glory

By Bernice D. White

Those long awaited showers
have finally come. Rain in Old
Glory totaled around two inches
last week. Farmers south of
town received more. Crops are
looking better and the cool
weather and rain have
brightened up some faces too.
Mrs. Travis Beil has returned
home after spending about two
weeks in Nevada visiting her
son and family, the Billy Beils.
Weldon Spitzer, student at
Texas Tech in Lubbock, was
home last weekend visiting his
parents, Mr. and Mrs. Garrett
Spitzer.

Mr. and Mrs. Ben Jowers and
children were here from
Arizona recently visiting her
parents, Mr. and Mrs. Leland
Ashorn.

Mr. and Mrs. Bill Wright have
returned home after spending
the summer at San Angelo
where Mr. Wright underwent
surgery and received medical
treatment. We are happy to
report he is much improved and
is getting ready to start
teaching school again. He says
it surely is good to be home
again and he did so appreciate

Funeral Services Held Sunday for Sam Waller, 77

Sam Waller, 77, a resident of
Hamlin since 1925, died at 8:30
p.m. Thursday at Stamford Inn
in Stamford.

Funeral was held at 3 p.m.
Sunday at Oak Grove Baptist
Church with Rev. B. C.
Freeman, pastor, officiating.
Burial was in Hamlin East
Cemetery.

Mr. Waller was born Feb. 28,
1894 in Bronte. His parents were
the late Mr. and Mrs. Will
Waller. He married Ellen
Newsom in Burleson County
Aug. 14, 1931. She died Dec. 26,
1968. He married Mary Brown
in Fort Worth in December,
1969. He was a member of the
Church of God in Christ.

Survivors include his wife of
Hamlin; four sons, W. T. of
Midland Sam Jr. of Fort Worth,
Ernest of Fort Worth and An-
drew Charles of Hamlin; seven
daughters, Mrs. Savannah
White of Fort Worth, Mrs. Joe
(Willie Mae) Childs of Fort
Worth, Mrs. James (Estelle)
Coles of Fort Worth, Mrs.
Luther (Betty) Molden of
Dallas, Mrs. Sam (Vivian)
Jordan of Midland, Mrs. James
(Ruby) Willis of Hamlin and
Mrs. Jerry Tanner of Fort
Worth; one sister, Annie Bell
Ross of Houston; 30 grand-
children and 11 great-
grandchildren.

home.
Mrs. George Rhoads has
returned home after being ill
and spending over a week in
Hamlin Hospital.
Mrs. Tillie Dippel was ill and
a patient in Hamlin Hospital
several days last week.
Mr. and Mrs. Wesley Tabb
and children of Houston were
here recently visiting her
parents, Mr. and Mrs. Herbert
Klump.

Mr. and Mrs. Raymond
Gerloff of Abilene were here
last Sunday visiting his mother,
Mrs. Katie Gerloff.

Mr. and Mrs. George Bury
and their daughter and her
husband, Mr. and Mrs. Joe
Dawkins of Seymour, returned
last Monday after spending
seven days in the Hawaii
Islands. They visited several
islands which included Poipu
Beach, at Koloa, Kauai.

News deadline is noon Tuesday.

Notice to Long Distance Telephone Users

Effective September 1, the charges for long
distance calls within the State of Texas will be
changed as follows:

- Rates will be reduced on most station-to-station calls dialed direct, without any operator assistance.*
- New one-minute initial period calls will be introduced, at low night rates, for station-to-station calls dialed direct without operator assistance between 11 p.m. and 8 a.m.* This will make it possible to call anywhere in Texas for 22¢ or less.
- Time periods when the various customer dialed rates are effective will be the same as those for interstate calls.
- Rates will be increased on all person-to-person and station-to-station calls requiring operator assistance in any way, except as noted below.*

*Where direct dialing is not available, the customer dialed rate will be charged for station-to-station calls from non-coin phones, on which the caller furnishes the area code and number, and the call is charged to the telephone from which it is made.

More detailed information may be obtained at any company business office

Southwestern Bell

THANK YOU ! ! ! !

I am William Jackson, owner of **JACKSON BODY SHOP**. We have just finished one year, and are beginning our second year, and take this way to express my gratitude to you for your patronage and good will.

I believe that in spite of the condition the **WORLD** is in, there are, and always will be, thou-
sands of wonderful people like you around.

Thank you for proving it to be a fact in my life and in my business.

We cast our bread upon the waters of trust, of quality, of capability and of genuine willingness to be of service to my town and it's people.

Thank you for choosing to sail those same waters.

And as we begin the second year we will offer no bargains, only values, no every day low prices, instead, we'll give every day high quality, for we realize that when it comes to the care of your car there are no bargains. — But if you ever need me or my purple wrecker — your call has priority over anything I have planned, and I want you to know that whatever you need, if we have it, you can get it and Mr. or Mrs. you can get the best of it.

ALBANY HIGHWAY — ANSON, TEXAS

Neinda Philosopher Doubts If Bicycles Are Answer to Cities' Traffic Problem

Editor's note: The Neinda Philosopher on his Johnson grass farm on Route One throws some doubt on the latest idea for solving city traffic problems.

Dear editor:

According to an article I read last night to get my mind off the national deficit which I'd been reading about to get my mind off my personal deficit, there were 7 million new bicycles bought in the U. S. last year.

In fact, the article went on,

there are now over 75 million bicycles in the country and the experts have spotted a trend, claiming more and more city people are pedaling to work and leaving their cars at home.

"It's faster, cheaper, healthier, and doesn't pollute," they said, urging other people to try it on the grounds that "it may be the answer to the impossible traffic congestion in our cities."

I've thought this over and what they say is true, in the late spring, summer and early fall, especially if you're going down hill.

But when winter comes on, that glorious feeling with a gentle breeze in your face and birds singing in the golden morning hours changes pretty fast when the temperature drops to freezing and you're bucking an icy north wind with coattails flapping, hands frozen to the handlebars and tears rolling down your frozen cheeks. On a bicycle then is about the last place a man

wants to be.

Of course, I guess you could build an inclosed cab on a bike, but you'd need a windshield wiper for when it's raining, a defroster, turn indicator lights, and perhaps a heater, and what would happen to you if you fell over while inside with the door shut I don't want to think about.

I doubt if the bicycle is the answer to the cities' traffic and pollution problems, unless everybody was required to work only on beautiful sunny days when the temperature is above 50. That might be all right with city people but those are the very days I don't want to work or, for that matter, ride a bicycle.

Yours faithfully,
J. A.

Rolling Plains PCA Loans \$21 Million In First 6 Months

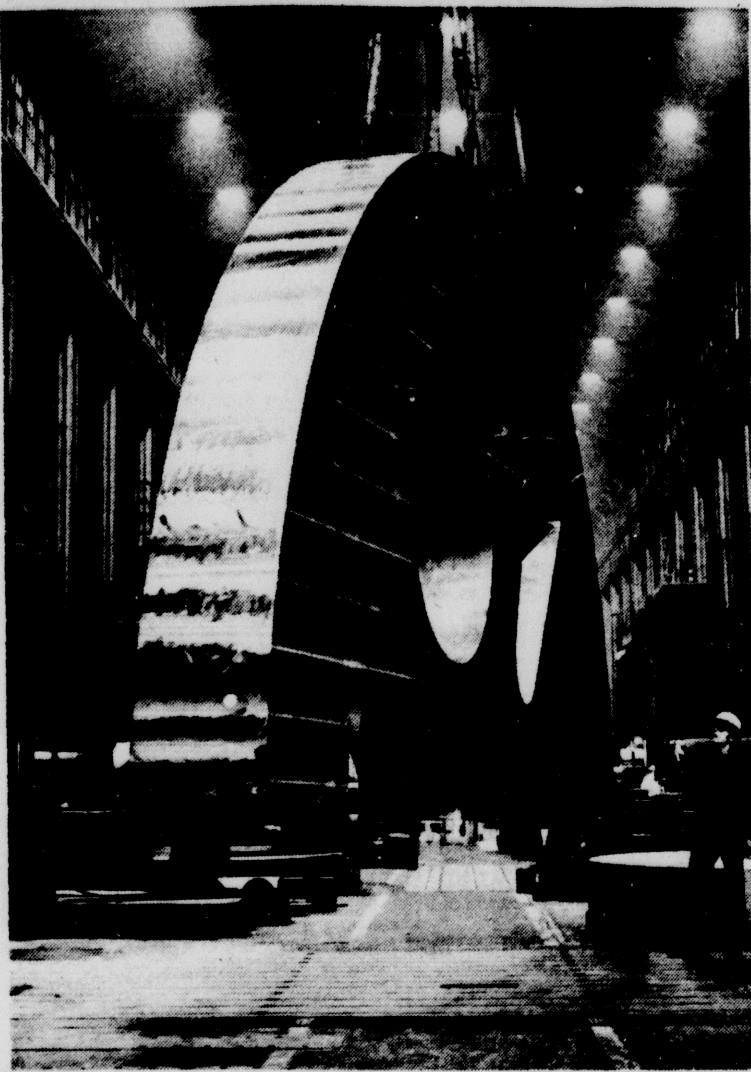

Area farmers and ranchers borrowed almost \$23 million from Rolling Plains Production Credit Association during the first six months of 1971, according to J. L. Hill, Jr., president.

This figure represents an increase of more than \$1.2 million over the same period last year.

Texas' 34 Production Credit Associations loaned more than \$448 million the first half of 1971, an increase of \$33 million over the same period last year.

Rolling Plains PCA has offices in Childress, Matador, Munday, Spur and Stamford. The Association makes agricultural loans in Briscoe, Childress, Collingsworth, Cottle, Dickens, Donley, Foard, Hall, Hardeman, Haskell, Jones, Kent, King, Knox, Motley, Shackelford and Stonewall counties.

Brigham Young was the father of 57 children.

A HEAVY 'HEAD'—An 80 ton forged-steel structure is transported to the welding shop at Combustion Engineering, Inc., in Chattanooga, Tennessee. The huge structure is one half of the head section for a nuclear reactor vessel which is being built for the Atomic Energy Commission's Fast Flux Test Facility in Hanford, Washington. The test facility is operated for the AEC by Westinghouse subsidiary as part of a program to develop a "breeder" reactor—a reactor which promises to create more fuel than it uses to make electricity in power plants. When assembled the reactor head will measure 25 feet across and four feet thick. (Photo by Combustion Engineering, Inc.)

New Long Distance Phone Rates Announced By Bell

DALLAS — An adjustment of long distance telephone rates, which features a new reduced rate for Direct Distance Dialing and increased rates for operator-assisted calls within Texas, was announced today by Southwestern Bell.

Scheduled to go into effect Sept. 1, the adjustment should increase gross revenue by about two percent, or \$15 million annually. H. D. Schodde, vice president for Southwestern Bell operations in Texas, said the after-tax result will be an increase of \$7 million in net operating revenue. "That amount should assist the company in maintaining its earnings in the range of 5.3 percent on the value of its property in Texas," Schodde said.

The new rates represent the first major long distance rate increase in the state since 1955. The company reduced rates \$6 million annually in 1967.

Schodde said the adjustment closely parallels a trend by AT&T and other operating telephone companies to place increases on calls which require operator assistance, and provides a reduction for station-to-station calls which customers can complete themselves. "It costs us more to provide operator assistance," Schodde said, "so that's where we're placing most of the increase. On the other hand, customers who dial their own station-to-station calls should have the benefit of a reduced rate."

Schodde emphasized that the estimated two percent increase in company revenues was based on present customer calling habits. "If customers dial more

of their calls, the increase would be less," he said.

In addition to the new reduced rate for Direct Distance Dialing, the adjustments also call for the introduction of a one-minute initial rate period (rather than three minutes) on "night" Direct Distance Dialing; new rates for all operator-assisted — station-to-station and person-to-person — calls during all calling periods; and establishes rate periods (day, evening, night and weekend) and DDD calls which are the same as now in effect for calls going outside of Texas.

Two holidays — Labor Day and July 4th — also have been added to the list of days on which reduced rates apply for DDD calls.

We've been able to avoid making an adjustment on intrastate rates due to improved technology," Schodde said. "However, the high cost of borrowed money and increased operating costs, including taxes and wages leaves us little other choice now than to place the new rates in effect. We hope customers will take advantage of the reductions which we're offering in this package to keep their individual costs as low as possible."

Comparing previous rates with those which will go into effect September 1, Schodde pointed out that an evening three-minute station-to-station call under previous rates for a distance of 300 miles would have been 85 cents. The same call under the new customer dialed rate would be 66 cents. Schodde also noted that a call after 11 p.m. anywhere in Texas would cost 22 cents or less under the new one-minute initial rate period.

Under previous rates, a three-minute person-to-person daytime call up to 300 miles would have been \$1.70. Under the new rates, the same call would be \$2.30.

The new DDD rate will be available in towns which are not equipped for DDD when station-to-station calls are placed by providing the operator with the Area Code and complete telephone number, and when the operator is not required to provide any additional assistance.

Chris Frost of Georgetown, grandson of Mr. and Mrs. E. W. Frost, Route 2, will be presented as a state winner of Young Texan of the Month at the state convention in Corpus Christi, Aug. 5, 6, 7. He is the son of Mr. and Mrs. Jack Frost and a 1971 graduate of Georgetown High School. He was awarded a football scholarship to the United States Naval Academy at Annapolis, Md.

Mr. and Mrs. Eugene Shipp of Roby are parents of a boy, David Wayne, 8 lbs. 11 oz., born July 31 at 4:25 a.m.

AUSTIN — Competition is shaping up in the top two state races for 1972.

State Sen. Joe Christie of El Paso emerged recently as a possible candidate for the Democratic U. S. Senate nomination.

Christie, a 38-year El Pasoan, said he would be reluctant to abandon his state senate place, but he is kept a close eye on U. S. Senator John Tower's activities in the Senate and considers him vulnerable to contest by a strong Democrat.

Christie's statement was seen as a trial balloon aimed at detecting just how serious Democratic leaders are about fielding a candidate against Tower — and whether they would consider him as the man to unite behind.

Meanwhile, Dolph Briscoe of Uvalde is declaring his candidacy for governor and asking support in a series of statewide speeches.

Lt. Gov. Ben Barnes, of course, announced his candidacy for governor in mid-June, and already is campaigning (with time out to get married: to the former Mrs. Nancy Sayers of Austin, a longtime friend).

Former U. S. A. Sen. Ralph Yarborough is still leaving the door open for either a senate or gubernatorial race.

Gov. Preston Smith hints, from time to time, he may seek re-election.

Houston Post President William P. Hobby is the only announced candidate to succeed Barnes as lieutenant governor, but a lot more are expected to follow.

COURT SPEAK — State Supreme Court upheld an intermediate court finding that an individual has no vested "Property right" to welfare aid.

In other recent decisions, High Court held:

A 1966 constitutional amendment does not outlaw use of market value to determine tax

value of agricultural land. Kerr County ranchers had contended valuation should be determined on net income per acre from agricultural use only.

Beaumont Baptist minister of a church moved into a residential neighborhood cannot be held in contempt of a court order which blocked construction of an animal health clinic on same site.

Texas law does not require a father to support his illegitimate children. (Only one other state fails to provide for such support.)

Coffee trees bear fruit for about 20 years.

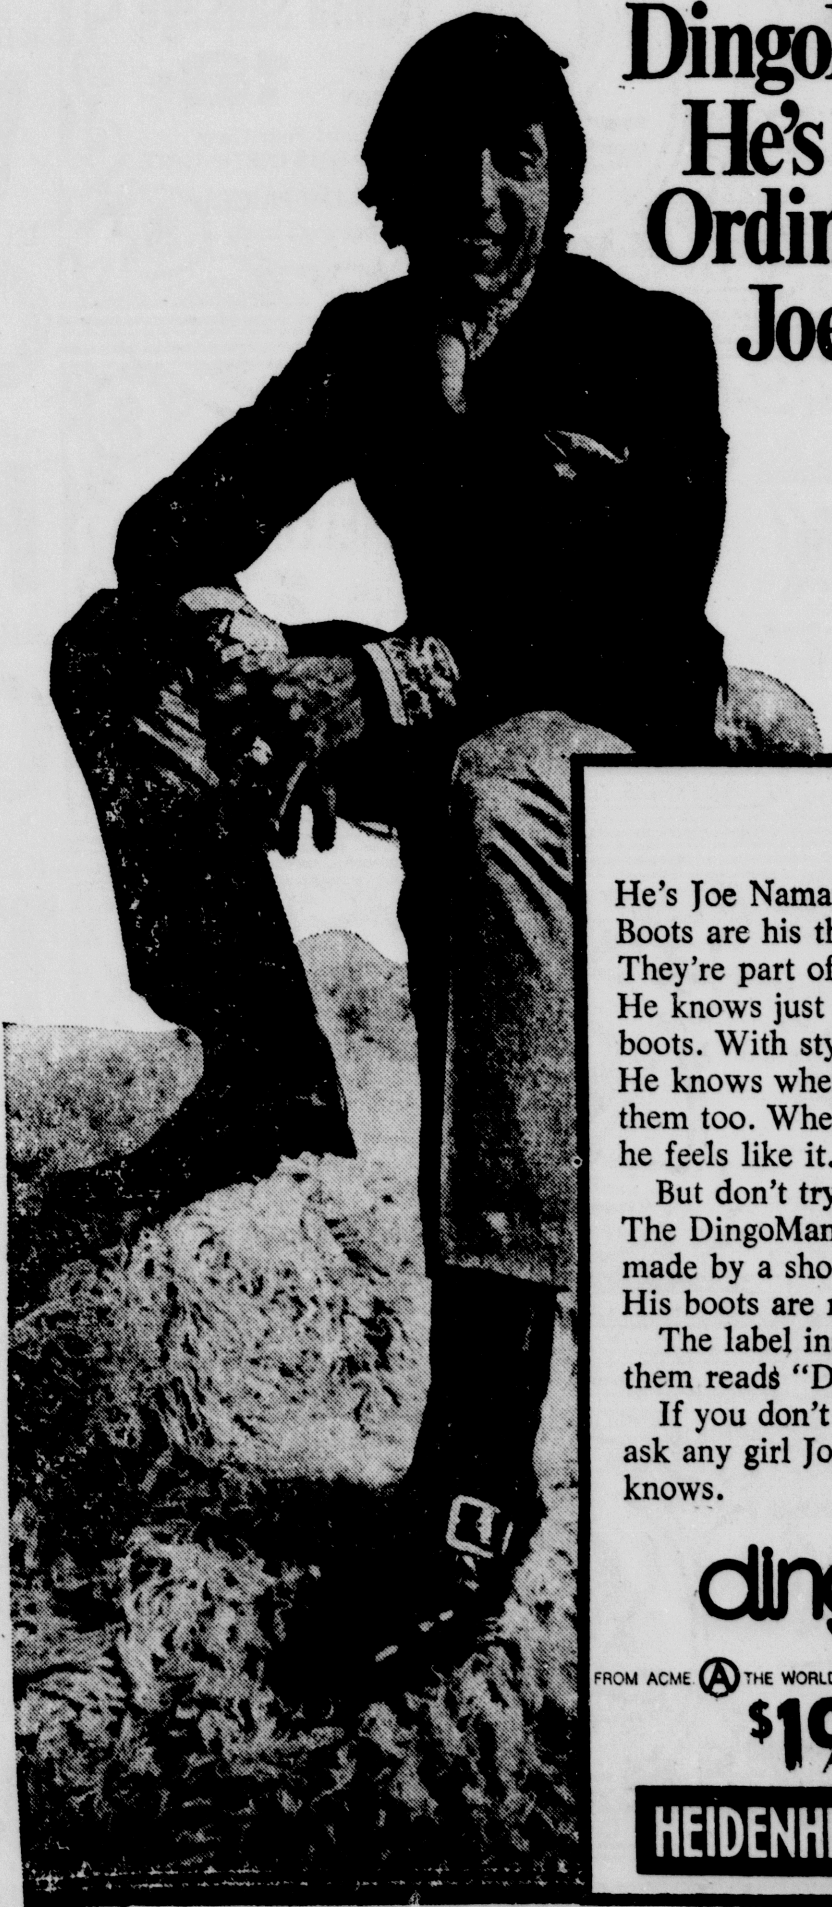

Indian prints were the inspiration for this hand screened turtleneck tunic designed by Jane Colby. Made of 100% Dacron with billowy bell sleeves and a solid self-tie belt. The flared pull-on pant of textured polyester comes in matching solid colors. This fashionable twosome is machine washable, of course.
